2:00 PM - 3:00 PM	146A	GSA Fleet Offerings	Christina Kingsland & Erin Sembach (GSA Fleet)	GSA Fleet is a one-stop-shop for an agency's non-tactical vehicle fleet. GSA Fleet has purchasing, leasing, and rental solutions, as well as systems and solutions to aid in managing a fleet. This session provides an overview of GSA Fleet's offerings, details of key products and services, and how GSA Fleet helps improve overall fleet efficiency.
	146C	DEIA, Personal Property, and Fleet Management	Gaines Robinson (GSA Personal Property)	This course gives a brief overview of the Diversity, Equity, Inclusion, and Accessibility initiative within Personal Property Management (PPM), the Federal Surplus Personal Property Donation Program, the basic screening process, and the Vehicle Reporting Checklist. It will discuss how your agency can participate with its government owned vehicles and how these vehicles can benefit the Federal Surplus Donation Program.
	145AB	Best Practices in Federal Fleet Management	Facilitator: Joddy Garner (GSA OGP) Panelist: Rhea Jack (USDA), Dionne Chisolm (DHS), & Tammy Snyder (ARNG)	A panel of Federal fleet managers and specialists will share their best practices in fleet management.
	147AB	Best Practices in Recall Management	Steve Grafton (GSA Fleet) & Jeremy Gunderson (NHTSA)	Learn how GSA Fleet exhibits better recall repair results than the general public, what it took to accomplish that, and how we can improve.
3:00 PM - 3:15 PM	Break			

3:15 PM - 4:15 PM	146A	ZEV & EVSE Offerings	Stephanie Gresalfi (GSA Fleet) & Neil Gilligan (GSA PBS)	Learn about GSA and PBS' ZEV and EVSE Acquisition Solutions such as the ZEVs on contract for FY23 and how GSA can help you meet your electrification goals.
	146C	The Future of Law Enforcement Vehicles	Facilitators: Dan Buckingham & Eric Jones (GSA Fleet) Panelists: Russ Miller (GSA Fleet) & Law Enforcement Vendors	Panel discussion with both the GSA Fleet Law Enforcement Team and vehicle providers. The panel will focus on the current challenges facing the law enforcement vehicle industry and what the landscape looks like heading into 2023 and beyond.
	145AB	Data Management Best Practices	Facilitator: Connie Aaron (GSA OGP) Panelist: Ron Stewart (INL), Kent Carneal (State), Scott Conlon (USDA), Scott Murphy (GSA Fleet), & Nicole Boltz (GSA Fleet)	A panel of data experts and fleet managers will discuss best practices for collecting and using data to improve your fleet's performance, defend your fleet's mission and make annual reporting easier.
	147AB	GSAFleet.gov Update (R)	Jamie Lindabury (GSA Fleet)	This session will provide an update on the GSA Fleet systems modernization progress. GSA Fleet will share key details on when functionality will go live in our new system GSAFleet.gov .
Wednesday, January 25, 2023				
Time	Room	Session Title	Presenters	Session Description
8:30 AM - 10:00 AM	146A	FAST Federal Fleet Data Reporting: What's New & What's Coming?	Ron Stewart & Sharath Kallaje (DOE INL)	Members of the FAST support team from Idaho National Laboratory will discuss changes coming to FAST driven by E.O. 14057 and what the push to electrify the Federal fleet will mean for fleet data reporting. The session will include a walk-through of the new quarterly EVSE deployment planning submission and will cover changes to collect new vehicle data elements and additional information about agency EVSE inventory. The session will also provide a quick peek into the work in progress on the next version of FAST.
	146C	Light Duty Vehicle Supplier Updates (R)	Roy Durham (US Fleet Services), Debra Hairston (The Ford Motor Company), Rachel Malec (Stellantis, N.V.), & Cynthia Towe (General Motors)	Brief presentations from some of our light duty vehicle suppliers as to the current and new electric vehicle products coming to market in the next 1 to 3 years.
	145AB	Federal Fleet Management Regulations & Policies (R)	Connie Aaron (GSA OGP)	Explore how Federal regulations governing motor vehicle management fit into an overall framework of laws, regulations, and policies. We will cover Federal Management Regulation 41 CFR 102-34 "Motor Vehicle Management" and how it relates to your job as a fleet manager in the field. Bring your questions about motor vehicle regulations and policies!
	147AB	GSA Fleet Vehicle Acquisition Process (R)	Matt Gormley, Eric VanderVeen, Greg Benedict, Dan Buckingham & Amber Robles (GSA Fleet)	Join members of GSA's Vehicle Acquisition and Offering Management Teams for an overview of GSA's vehicle acquisition process including requirements development, procurement, and ordering processes.
10:00 AM - 2:00 PM	Exhibit Hall & Break for Lunch Showroom Floor Tours - GSA Exhibit Booth FL25 Computer Lab - Room 151A			

2:00 PM - 3:00 PM	146A	ZEV & EVSE Operations Basics	Stephanie Gresalfi & Lisa Wheatley (GSA Fleet), & Leidy Boyce (DOE NREL)	Join GSA Fleet and DOE to hear about best practices around ZEV and EVSE use and operation from charging the vehicle, to how best to maintain it. You will also hear about the benefits of managing power and metering, managing operations, maintenance, and repairs, and understanding network plans and data packages to optimize your fleet charging.
	146C	Federal Travel Regulation Overview	Tom Mueller (GSA OGP)	Fleet policy and travel policy may not seem a perfect pairing at first glance, but fleet and official travel have more overlap than you might realize. Knowing the Federal Travel Regulation policies in the area of GOVs, as well as being aware of other common travel policies, will give you a broader perspective in your role as a fleet specialist or manager.
	145AB	E.O. 14057 & Fleet Telematics: Meeting the Mandate with Data Driven Decisions	Kyle Bromir & Zack Hughes (GSA Fleet)	This session will provide an update on GSA Fleet's Telematics Program and deployment on the leased fleet. We will cover details on how retrofits can be requested and performed to ensure your agency is on track to comply with the implementing instructions of EO 14057. Additional topics include the ProPlus subscription package, OEM telematics, and real-world examples of how the data is being put to use to improve vehicle replacement, ZEV deployment, and FAST reporting processes.
	147AB	GSAFleet.gov Update (R)	Jamie Lindabury (GSA Fleet)	This session will provide an update on the GSA Fleet systems modernization progress. GSA Fleet will share key details on when functionality will go live in our new system GSAFleet.gov.
3:00 PM - 3:15 PM	Break			
3:15 PM - 4:15 PM	146A	Upcoming CARB Requirements	Drew Wonacott (GSA Fleet)	The California Air Resources Board (CARB) is continuously reviewing, refining, and introducing new rules and regulations to promote clean air in California. This workshop will outline the current and future regulations that will impact vehicles and trailers operating on California roads. Gain insights into the specific implementation timeframes, reporting requirements, and compliance options.
	146C	Vehicle Allocation Methodology (VAM)- Where to start?	Eric Adams, (GSA OGP), Patrick McConnell (GSA OGP), Amit Rajput (GSA FAS), Fabian Cardona (DHS) & Paul Tanner (DHS)	Vehicle Allocation Methodology (VAM) is a requirement to help agencies reach their optimal fleet size and structure. This workshop will outline the actions implemented by the Federal government, outcomes expected, and how it all can be incorporated into your VAM process within your own agency. Gain insights on how to conduct the VAM study in-house or where to go for assistance in finding outside contractors on GSA supply schedules.

	145AB	GSA Fleet Short-Term Rental Program	Facilitators: Kaitlyn Clement & Matthew Eck (GSA Fleet) Panelists: Bryan Scott (Enterprise), Bob Caudle (United Rentals), Rusty Pugh (FCC), Jim Daley (Ryder), & John Goodbrake (Masters Transportation)	Panel discussion with both vehicle and equipment rental providers. The panel will focus on the current challenges facing the rental industry and what the landscape looks like heading into 2023 and beyond.
	147AB	What's Your Liability When Driving Your GOV (R)	Devin Beckes (GSA Fleet)	This program addresses legal issues applicable to Government employees and managers. The session will cover the basics of the Federal Torts Claims Act and discuss cases where a Federal employee would not be liable, cases where a Federal employee would be liable and ways to protect yourself.

Ask questions and learn more about ZEV planning requirements for FY2023 and beyond from the White House's Council on Environmental Quality and learn about the EO 14057 Implementing Instructions. DOE will provide a crash course into how to approach infrastructure planning.
	146C	GSA Fleet Vehicle Acquisition Process (R)	Matt Gormley, Eric VanderVeen, Greg Benedict, Dan Buckingham & Amber Robles (GSA Fleet)	Join members of GSA's Vehicle Acquisition and Offering Management Teams for an overview of GSA's vehicle acquisition process including requirements development, procurement, and ordering processes.
	145AB	Light Duty Vehicle Supplier Updates (R)	Roy Durham (US Fleet Services), Debra Hairston (The Ford Motor Company), Rachel Malec (Stellantis, N.V.), & Cynthia Towe (General Motors)	Brief presentations from some of our light duty vehicle suppliers as to the current and new electric vehicle products coming to market in the next 1 to 3 years.
	147AB	Federal Fleet Management Regulations & Policies (R)	Connie Aaron (GSA OGP)	Explore how Federal regulations governing motor vehicle management fit into an overall framework of laws, regulations, and policies. We will cover Federal Management Regulation 41 CFR 102-34 "Motor Vehicle Management" and how it relates to your job as a fleet manager in the field. Bring your questions about motor vehicle regulations and policies!
2:30 PM - 2:45 PM	Break			
	146A	Visualize your Fleet's Story with Data	Jim Vogelsinger & Chouaib Touraq (GSA OGP)	You report motor vehicle use and inventory data in FAST each year. Now, how can I use this data to tell my fleet's story? GSA has created a data visualization tool, Federal Fleet Inventory Tool, that enables a more robust look into the inventory and operating costs of Federal vehicles. The tool pulls data from the Federal Automotive Statistical Tool (FAST), allowing users and fleet managers to dive into the data in an effort to make better management decisions. Learn more about this tool and how to use it for your agency's fleet program.

2:45 PM - 3:45 PM	146C	The Future of Work: Home to Work Transportation	Eric Adams (GSA OGP), Patrick McConnell (GSA OGP), Ron Rogers (DOL), David Jackson (VA) & Eric L. Brown, Sr. (DHS)	Home to Work Transportation is a hot topic in Federal Fleet Management. The future of work has changed with many working remotely and the rollout of electric vehicles. This workshop will include a review of 41 CFR 102-5 and FMR Bulletin B-35. What is the cost benefit of home to work use? Are agencies tracking the costs? Do you have agency policy on home to work transportation?
	145AB	Ask Us Anything: Contracting for EVSE	Facilitator: Stephanie Gresalfi (GSA Fleet) Panelist: Matt Gormley (GSA Fleet), Chris Towery (GSA PBS), & Ebony Atkinson (GSA PBS)	A session where agencies can ask questions to Contracting Officers specializing in EVSE, MAS, Construction Contracting and Areawide agreements.
	147AB	Fleet Card	Brian Moseley (GSA Fleet)	The course covers the GSA SmartPay Fleet Card program, fraud detection and prevention, and some of the unique needs related to fleet cards.
