2.1. This Areawide Contract shall be in effect on and after the 17th day of December, 2014 ("**Effective Date**"), and shall continue for a period of ten (10) years ("**Term**"), except that the Government, pursuant to the clause contained in FAR 52.249-2 (48 C.F.R. 52.249-2), incorporated into this Areawide Contract under Article 14.1-34, or the Contractor, upon sixty (60) days written notice to the Government, and without liability to the Government or any Ordering Agency, may terminate this Areawide Contract, in whole or in part, when it is in their respective interest to do so, provided, however, that neither the stated duration of this Areawide Contract nor any other termination of it, in whole or in part, pursuant to such incorporated clause, this Article 2.1, or otherwise, shall be construed to affect any obligation for any payment, charge, rate, or other matter that may be imposed pursuant to the Contractor's Tariffs, rates, rules, regulations, riders, practices, or terms and conditions of Service as may be modified, amended, or supplemented by the Contractor and approved from time to time by the Commission.

2.2. Authorizations may be executed under this Areawide Contract at any time during the Term of this Areawide Contract, up to and including the last date this Areawide Contract is effective. Any Authorization negotiated and executed during the Term of Contract No. GS-00P-15-BSD-1124 shall be valid during the Term of this Areawide Contract, provided the total term of the individual Authorization does not exceed ten (10) years.

2.3. Upon bilateral execution of an Authorization, the Contractor agrees to furnish to the Ordering Agency, and the Ordering Agency agrees to purchase from the Contractor, the above noted Services for the installation(s) or facilities named in the Authorization pursuant to the terms of this Areawide Contract.

2.4. Nothing in this Areawide Contract shall be construed as precluding the Ordering Agency and the Contractor from entering into an Authorization for negotiated rates or Service of a special nature, provided such negotiated rates or Service are in accordance with the rules and regulations of the Commission, if applicable.

2.5. This Areawide Contract may be used by an Ordering Agency to obtain electric services that are offered by Contractor, as further described in 40 U.S.C. Section 591, to the extent it is applicable, (quoted here in relevant part): "A department, agency, or instrumentality of the Federal Government may not use amounts appropriated or made available by any law to purchase electricity in a manner inconsistent with State law governing the provision of electric utility service...".

To facilitate an Ordering Agency obtaining services under Contractor's standard agreements for utility service, an Exhibit "D" has been included in this Areawide Contract. This Exhibit "D" is designed so it also can be used by an Ordering Agency when a change requested by the Ordering Agency to Contractor's standard terms and conditions for utility service has been approved by the Appropriate Regulatory Authority.

ARTICLE 3. EXISTING CONTRACTS.

3.1. The parties agree that an Agency currently acquiring Service from the Contractor under a separate written contract may continue to do so until that contract expires or until such time as the Agency and the Contractor mutually agree to terminate that separate written contract and have such Service provided pursuant to this Areawide Contract by executing an appropriate Authorization or Authorizations.

3.2. Existing special rates and services of a special nature currently provided under a separate written contract may be continued under the Authorizations described in Article 3.1 if requested by the Ordering Agency and agreed upon by the Contractor.

Upon the request of the Ordering Agency, the Contractor shall endeavor to provide reasonable assistance to the Ordering Agency in selecting the service classification which may be most favorable to the Ordering Agency. Upon execution of an Authorization by both the Contractor and the Ordering Agency, the date of initiation or change in Service shall be effective as of the date specified in the Authorization. An executed copy of the Authorization shall be transmitted by the Ordering Agency to GSA at the address provided in Article 16.1.

4.2. During the Term of this Areawide Contract, effective Authorizations need not be amended, modified, or changed by an Ordering Agency to reflect changes in: accounting and appropriation data, the Contractor's Tariff, the Contractor's cost of purchased fuel, or the estimated annual cost of Service. Such changes are considered internal to the party involved. Where changes are required in effective Authorizations because of a change in the Service requirements of an Ordering Agency, an amended Authorization shall be mutually agreed upon and executed.

4.3. An Ordering Agency or the Contractor may discontinue Service provided pursuant to this Areawide Contract to a particular Federal facility or installation by delivering a written Termination Authorization to the other. Such discontinuance of Service by an Ordering Agency or the Contractor shall be in accordance with the terms of this Areawide Contract and the Contractor's Tariffs.

4.4. In the event the Areawide Contract is not renewed at the expiration of the contract term, any active authorizations for services shall be controlled by the Contract terms and conditions in effect at the time of award.

Throughout the Term of the Areawide Contract, the Government shall have full access to the Contractor's currently effective Tariffs. In the event the Contractor's Tariffs become inaccessible via the internet or the Ordering Agency does not have access to the internet, the Contractor agrees to provide newly effective or amended Tariffs in accordance with the Contractor's Tariff distribution practices, policies and procedures applicable to all customers.

5.3. If, during the Term of this Areawide Contract, the Commission approves a change in rates for services specified in Authorizations in effect hereunder, the Contractor agrees to continue to furnish, and the Ordering Agency agrees to continue to pay for, those Services at the newly approved rates from and after the date such rates are made effective. As provided in Article 4.2, modification of any Authorization hereunder is not necessary to implement higher or lower rates.

5.4. The Contractor hereby represents and warrants to the Government that the Service rates available to any Ordering Agency hereunder shall at all times not exceed those available to any other customer served under the same Service Classification for the same or comparable service, under like conditions of use. Nothing herein shall require the Contractor to apply service rates that are inapplicable to the Ordering Agency.

5.5. Reasonable written notice via an Authorization shall be given by the Ordering Agency to the Contractor, at the address provided in Article 16.2, of any material changes proposed in the volume or characteristic of utility services required by the Ordering Agency.

To the extent available from the Contractor, the Contractor shall provide and, as applicable, bill for such technical assistance on or concerning an Ordering Agency's equipment (such as the inspection or repair of such equipment) as may be requested by such Ordering Agency. The charges for such technical assistance shall be calculated at the time the technical assistance is rendered, as mutually agreed upon by the Contractor and the Agency, and shall comply with Contractor's Tariffs, if applicable. The Authorization or any other agreement used to obtain and provide the matters, Services, or technical assistance described in this Article 5.6 shall contain information descriptive of the matters, Services, or technical assistance required or requested, including the amount of (or method to determine) any payment to be made by the Ordering Agency to the Contractor for the provision of said matters, Services, or technical assistance.

5.7. Any charges for matters or Services referenced in Article 5.6 hereof which are not established by the Contractor's Tariffs shall be subject to audit by the Ordering Agency prior to payment provided, however, that notwithstanding such right to audit, payment for the matters and Services referenced in Article 5.6 thereof shall not be unreasonably withheld or denied. The Contractor further warrants and represents to the Government that charges for the matters or Services referenced in Article 5.6 hereof will not exceed the charges billed to other customers of the Contractor served under the same Service Classification for like matters or Services provided under similar circumstances.

5.8. The requirements of the Disputes clause at FAR 52.233-1 are supplemented to provide that matters involving the interpretation of Contractor's Tariff(s) are subject to the jurisdiction and regulation of the utility rate commission having jurisdiction.

ARTICLE 7. PAYMENTS FOR SERVICES.

7.1. Payments hereunder shall not be paid in advance of Services rendered. The Ordering Agency shall effect payment of all bills for regulated Services rendered under this Areawide Contract in accordance with the terms of the Contractor's Tariff. All bills are rendered as "net" bills which will be subject to a late payment charged of three percent (3%) of net bill when not paid within seventeen (17) days following the mailing of the bill provided, however, that any customer requesting an adjusted due date shall be allowed an additional period of time for payment of the net bill as hereinafter provided. Contractor may, at its option, forego the assessment of a late payment charge. Changes in the Contractor's Tariff provisions for the payment of bills shall supersede the provisions of this paragraph to the extent of the applicability of such changes.

7.2. The Ordering Agency will make invoice payments for Services not subject to the direct oversight of the Commission in accordance with the provisions of the FAR Subpart 52.232-25 (Article 14.1-16). The interest rate for late payments made pursuant to this clause shall be computed in accordance with the Office of Management and Budget prompt payment regulations at 5 C.F.R. 1315.

7.3. Payments hereunder shall not normally be made in advance of services rendered in accordance with 48 C.F.R. Subpart 32.4, unless required by the Contractor's Tariff. The applicability of this provision is limited to connection charge and line extension payments specifically cited in the Contractor's Tariff.

7.4. Each payment made by Treasury check to the Contractor shall include the Contractor's billing stub(s), or a Government or Ordering Agency payment document, that clearly and correctly lists all of the Contractor's account numbers to which the payment applies and the dollar amount applicable to each account. If payment is by Electronic Funds Transfer either through the Automated Clearing House (ACH) or the Federal Reserve Wire Transfer System, the provisions of FAR Subpart 52.232-34 shall apply (See Article 14).

ARTICLE 8. CONTRACTOR-OWNED METERS.

8.1. In the event any meter fails to register or registers incorrectly, as determined by the regulations of the Commission, billing adjustments shall be made in accordance with such regulations.

8.2. The Contractor, so far as possible, shall read all meters monthly in accordance with the Contractor's Tariff and the Commission's regulations.

8.3. Meters shall be inspected upon installation at no direct charge to the Ordering Agency. Subsequent inspection, periodic testing, repair, and replacement of meters shall be done in such place and manner as provided by the Commission's regulations. Upon notice that a meter is failing to register correctly, the Contractor shall take immediate steps to effect replacement or repair. Ordering Agencies shall have the right to request a meter test in accordance with the procedures prescribed in the Commission's regulations. The tests and applicable meter accuracy standards are those set forth in the Commission's regulations. The expense of meter tests shall be borne by the party designated as responsible therefore in the Commission's regulations.

8.4. For the purposes of this Article 8, references to meters shall apply only to Contractor-owned metering devices installed and maintained by the Contractor in accordance with Commission guidelines for utility service(s). References to meters under this Article shall not apply to meters that are to be installed by the Contractor at the request of an Ordering Agency, to be owned by the Government as a part of an Authorization for Energy Management Service or other Service.

This Article (10.1) shall not be construed to limit the Government's liability under applicable law.

¹ INDICATES THAT THE CLAUSE APPLIES TO THE ENERGY MANAGEMENT AUTHORIZATION AND ONLY TO THE EXTENT THAT THE CONTRACTING OFFICER OF THE DELIVERY ORDER DETERMINES THAT THE CLAUSE IS NECESSARY FOR EFFICIENT CONTRACT ADMINISTRATION.

Clauses marked with an asterisk (*) are only applicable if checked on a Exhibit, and only to the work ordered on that Exhibit.

14.2 Unregulated Services.

Pursuant to this Areawide Contract, the Contractor may provide energy related services (other than Energy Management Service as addressed in Article 18 below) that are not subject to rate and tariff regulations by the Commission under a pre-approved alternative (FAR 52.241-8) that demonstrates the Contractor will provide these services under terms and conditions that are competitive and otherwise in the best interests of the Ordering Agency. If, as demonstrated by the Ordering Agency, the conditions for use of this pre-approved alternative cannot be satisfied, then the Ordering Agency should consider the requirement of the Competition in Contracting Act of 1984 and the extent to which a competitive acquisition process is required to select and award a contract for these unregulated services. If an Authorization under this Areawide Contract is utilized, the prices and terms and conditions for unregulated services offered by the Contractor (other than Energy Management Service as addressed in Article 18 below) shall be negotiated subject to the requirements of FAR 41.5, subject to the general requirements of FAR 52.241-8.

14.3 Repeal of Clauses During Term of Areawide Contract.

If, during the Term of this Areawide Contract, any of the clauses contained in this Article are repealed, revoked, or dissolved by the Government, then such clauses shall no longer be part of this Areawide Contract as of the date of such repeal, revocation, or dissolution. The elimination of these clauses by reason of such repeal, revocation, or dissolution shall not affect the continuing validity and effectiveness of the remainder of this Areawide Contract or other clauses referenced in this Article. The parties' conduct thereafter shall be modified accordingly and reflect the repeal, revocation, or dissolution as related to their respective rights and obligations hereunder.

14.4 Clauses Incorporated in Full Text.

1. 52.222-40 Notification of Employee Rights Under the National Labor Relations Act.

As prescribed in 22.1605, insert the following clause:

NOTIFICATION OF EMPLOYEE RIGHTS UNDER THE NATIONAL LABOR RELATIONS ACT (DEC 2010)

(a) During the term of this contract, the Contractor shall post an employee notice, of such size and in such form, and containing such content as prescribed by the Secretary of Labor, in conspicuous places in and about its plants and offices where employees covered by the National Labor Relations Act engage in activities relating to the performance of the contract, including all places where notices to employees are customarily posted both physically and electronically, in the languages employees speak, in accordance with 29 CFR 471.2 (d) and (f).

(1) Physical posting of the employee notice shall be in conspicuous places in and about the Contractor's plants and offices so that the notice is prominent and readily seen by employees who are covered by the National Labor Relations Act and engage in activities related to the performance of the contract.

(2) If the Contractor customarily posts notices to employees electronically, then the Contractor shall also post the required notice electronically by displaying prominently, on any website that is maintained by the Contractor and is customarily used for notices to employees about terms and conditions of employment, a link to the Department of Labor's website that contains the full text of the poster. The link to the Department's website, as referenced in (b)(3) of this section, must read, "Important Notice about Employee Rights to Organize and Bargain Collectively with Their Employers."

(b) This required employee notice, printed by the Department of Labor, may be—

(1) Obtained from the Division of Interpretations and Standards, Office of Labor-Management Standards, U.S. Department of Labor, 200 Constitution Avenue, NW., Room N-5609, Washington, DC 20210, (202) 693-0123, or from any field office of the Office of Labor-Management Standards or Office of Federal Contract Compliance Programs;

(2) Provided by the Federal contracting agency if requested;

(3) Downloaded from the Office of Labor-Management Standards Web site at www.dol.gov/olms/regs/compliance/EO13496.htm; or

(4) Reproduced and used as exact duplicate copies of the Department of Labor's official poster.

(c) The required text of the employee notice referred to in this clause is located at Appendix A, Subpart A, 29 CFR Part 471.

(d) The Contractor shall comply with all provisions of the employee notice and related rules, regulations, and orders of the Secretary of Labor.

(e) In the event that the Contractor does not comply with the requirements set forth in paragraphs (a) through (d) of this clause, this contract may be terminated or suspended in whole or in part, and the Contractor may be suspended or debarred in accordance with 29 CFR 471.14 and subpart 9.4. Such other sanctions or remedies may be imposed as are provided by 29 CFR part 471, which implements Executive Order 13496 or as otherwise provided by law.

(f) Subcontracts.

(1) The Contractor shall include the substance of this Clause, including this paragraph (f), in every subcontract that exceeds \$10,000 and will be performed wholly or partially in the United States, unless exempted by the rules, regulations, or orders of the Secretary of Labor issued pursuant to section 3 of Executive Order 13496 of January 30, 2009, so that such provisions will be binding upon each subcontractor.

(2) The Contractor shall not procure supplies or services in a way designed to avoid the applicability of Executive Order 13496 or this clause.

(3) The Contractor shall take such action with respect to any such subcontract as may be directed by the Secretary of Labor as a means of enforcing such provisions, including the imposition of sanctions for noncompliance.

(4) However, if the Contractor becomes involved in litigation with a subcontractor, or is threatened with such involvement, as a result of such direction, the Contractor may request the United States, through the Secretary of Labor, to enter into such litigation to protect the interests of the United States.

(End of clause)

2. 52.241-7 Change in Rates or Terms and Conditions of Service for Regulated Services (FEB 1995)

The items included in Contractor's Tariff are available to the government and any Ordering Agency electronically at the Contractor's website, <http://www.fpl.com/about/rates/contents/index.html>. In addition, the government and any Ordering Agency may register at the website maintained by each of the respective Regulatory Commissions for each docket opened regarding Contractor for automatic electronic notifications pertaining to that docket. Contractor shall comply with the Commission's regulatory requirements applicable to notifications to Contractor customers for changes to Contractors Tariff.

(End of clause)

3. 52.252-1 Solicitation Provisions Incorporated by Reference (FEB 1998)

As prescribed in 52.107(a), insert the following provision:

SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

(SEE ARTICLE 14.1)

4. The requirements of the Disputes clause at Federal Acquisition Regulation (FAR) 52.233-1 are supplemented to provide that matters involving the interpretation of tariffed retail rates, tariff rate schedules, and tariffed terms provided under this Areawide contract are subject to the jurisdiction and regulation of the utility rate commission having jurisdiction.

14.4 State Taxes.

The contract price excludes all State and local taxes levied on or measured by the contract or sales price of the services or completed supplies furnished under this contract. The Government agrees either to pay the amount of the state or local taxes to the Contractor or provide evidence necessary to sustain an exemption from such taxes.

ARTICLE 15. SMALL BUSINESS SUBCONTRACTING PLAN.

15.1. Attached hereto and made a part hereof by reference is a SUBCONTRACTING PLAN FOR SMALL BUSINESS CONCERNS, SMALL BUSINESS CONCERNS OWNED AND CONTROLLED BY SOCIALLY & ECONOMICALLY DISADVANTAGED INDIVIDUALS, HUB ZONE BUSINESS CONCERNS, WOMAN OWNED SMALL BUSINESS CONCERNS, VETERAN-OWNED SMALL BUSINESSES CONCERNS AND DISABLED VETERAN-OWNED BUSINESSES negotiated between the Contractor and the Government, which is applicable on a company wide basis pursuant to the requirements of Section 211 of P.L. 95-507, as amended (15 U.S.C. 637(d)). The Contractor expressly understands that this subcontracting plan is an annual plan and hereby agrees to submit a new subcontracting plan by November 30th of each year during the Term of this Areawide Contract.

15.2. Information and announcements concerning current developments in the GSA Small Business Subcontracting Program are available on the GSA Energy Division web site accessible via <http://www.gsa.gov/energy>.

ARTICLE 16. NOTICES.

16.1. Unless specifically provided otherwise, all notices required to be provided to the Government under this Areawide Contract shall be mailed to: U. S. General Services Administration, PBS, Office of Facilities Management and Services Program; Director, Energy Division, 1800 F Street, NW Room 5116, Washington, DC 20405.

16.2. All inquiries and notices to the Contractor regarding this Areawide Contract shall be mailed to: **MARK HILLMAN, 9001 Ellis Road, West Melbourne, FL 32904; (321) 726-4947, Mark.Hillman@fpl.com** or to such other person as the Contractor may hereafter designate in writing.

16.3. The Ordering Agency shall provide GSA with a copy of all fully executed Exhibits including any applicable attachments at the address provided in Article 16.1.

ARTICLE 17. REPORTING.

17.1. The Contractor shall provide, as prescribed and directed by the Contracting Officer, an annual report on Subcontracting Plan Achievements, in accordance with the approved subcontracting plan for small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals by October 30 of each year during the Term of this Areawide Contract. The report shall be submitted electronically utilizing the Small Business Administration's Electronic Subcontracting Reporting System. The website address of system can be found at <http://www.esrs.gov>.

ARTICLE 18. UTILITY ENERGY SERVICE CONTRACTS.

18.1. Measurement and verification: Energy Conservation Measures (ECM) will not be normally considered unless a net overall energy usage or cost reduction can be demonstrated and verified. Verification standards for energy projects are established in the North-American Energy Measurement and Verification Protocol (NEMVP), published by the Department of Energy's Federal Energy Management Program (FEMP).

18.2. Unless otherwise provided by law, the following provisions shall apply:

(a) Payment for energy conservation measures, when authorized as Energy Management Service (EMS), shall be equal to the direct cost of capital or financing amortized over a negotiated payment term commencing on the date of acceptance of the completed installation;

(b) The payment term for Authorizations involving energy conservation measures should be calculated to enable the Ordering Agency's payment(s) to be lower than the estimated cost savings to be realized from its implementation. In no event, however, shall this term exceed eighty percent (80%) of the useful life of the equipment/material to be installed.

18.3. Subcontracting: The Contractor may perform any or all of its requested Services through subcontractors, including its unregulated affiliates. ECM subcontractors shall be competitively selected in accordance with FAR 52.244-5 (Article 14.1-44 herein). Subcontractor selection shall be based on cost, experience, past performance and other such factors as the Contractor and the Ordering Agency may mutually deem appropriate and reasonably related to the Government's minimum requirements. Upon request by the Government, the Contractor shall make available to the contracting officer all documents related to the selection of a subcontractor. In no event shall the Service be provided by subcontractors listed as excluded from Federal Procurement Programs maintained by GSA pursuant to 48 C.F.R. 9.404 (Article 14.1-10 herein).

18.4. For all Authorizations involving Energy Conservation Measures, it is desirable to have a Warranty Clause that addresses the specific needs and requirements of the work being performed and equipment that is to be provided by the Contractor; however, in the absence of a Warranty Clause in the Authorization, the following language will serve as the default Clause:

The Contractor shall pass through to the Agency all warranties on equipment installed or provided by it or its subcontractors on Government property with the following representation:

CONTRACTOR ACKNOWLEDGES THAT THE FEDERAL GOVERNMENT WILL OWN OR LEASE THE EQUIPMENT AND/OR MATERIALS BEING INSTALLED OR SUPPLIED HEREUNDER, AND, ACCORDINGLY, AGREES THAT ALL WARRANTIES, EXPRESS OR IMPLIED, SET FORTH HEREIN, OR OTHERWISE PROVIDED BY LAW IN FAVOR OF CONTRACTOR SHALL INURE ALSO TO THE BENEFIT OF THE FEDERAL GOVERNMENT AND THAT ALL CLAIMS ARISING FROM ANY BREACH OF SUCH WARRANTIES OR AS A RESULT OF DEFECTS IN OR REPAIRS TO SUCH EQUIPMENT OR SUPPLIES MAY BE ASSERTED AGAINST CONTRACTOR OR MANUFACTURER DIRECTLY BY THE FEDERAL GOVERNMENT.

18.5. The Ordering Agency shall submit to GSA a copy of all preliminary energy audit results or energy conservation measure analysis for review and compliance with Federal regulations and policy. Upon written confirmation of the aforementioned information, the Ordering Agency may negotiate Task Orders with the Contractor for the implementation of the energy conservation measures described in the preliminary documents. The Ordering Agency shall provide GSA with copies of fully executed Exhibit "B" Authorizations for any Energy Management Services resulting from confirmed/approved energy audits, including any applicable attachments, at the address provided in Article 16.1.

18.6. Contractor's Responsibilities under this Areawide Contract:

(a) The Contractor shall not provide Energy Management Service to Federal facilities unless the facility is a current customer or prospective customer of the regulated utility within the franchised service territory of the utility company providing such services.

(b) The work that is to be performed under the Authorization for Energy Management Services shall be limited to work resulting in a direct reduction in energy usage (see Article 1.1(j)) and any modification or repair that is necessary as a direct result of the installation of the ECM.

ARTICLE 19. MISCELLANEOUS.

19.1. Contract administration: The Ordering Agency shall assist in the day-to-day administration of the Service being provided to it under an Authorization.

19.2. Anti-Deficiency: Unless otherwise authorized by Public Law or Federal Regulation, nothing contained herein shall be construed as binding the Government to expend, in any one fiscal year, any sum in excess of the appropriation made

by Congress for that fiscal year in furtherance of the matter of any Authorization executed in accordance with this Areawide Contract or to involve the Government in an obligation for the future expenditure of monies before an appropriation is made (Anti-Deficiency Act, 31 U.S.C. 1341.A.1).

19.3. Obligation to Serve: Nothing contained in this Areawide Contract shall obligate the Contractor to take any action which it may consider to be detrimental to its obligations as a public utility.

19.4. Term of Authorizations: It is recognized that during the Term of this Areawide Contract, situations and/or requirements may arise where it may be desirable that the term of service to an Ordering Agency's facility extend beyond the Term of this Areawide Contract. In such event, the particular Authorization involved may specify a term extending beyond the Term of this Areawide Contract, provided that it is within the contracting authority of the Ordering Agency and appropriate termination liability provisions have been negotiated between the Contractor and Ordering Agency to address unamortized balances for connection charge or energy management service projects.

19.5. Indemnification: Any indemnification language contained in standard form agreements executed between the Ordering Agency and the Contractor shall be binding upon the Ordering Agency, but shall not be binding upon any other agency of the Federal Government unless authorized by opinions of the Government Accountability Office and the Federal Torts Claims Act.

19.6. Waiver of Sovereign Immunity: Any language contained in standard form agreements executed between the Ordering Agency and the Contractor shall not be construed to waive the Federal Government's sovereign immunity, and may not be applicable where the Federal Government's sovereign immunity has not otherwise been waived by statutory law.

IN WITNESS WHEREOF, the parties have executed this Areawide Contract as of the day and the year first above written.
