

**PROSPECTUS – LEASE
U.S. DEPARTMENT OF VETERANS AFFAIRS
SAN JUAN, PR**

Prospectus Number: PPR-05-VA25
Congressional District: 00

Executive Summary

The U.S. General Services Administration (GSA) proposes a community living center lease of approximately 249,427 net usable square feet (NUSF) for the U.S. Department of Veterans Affairs (VA) in the vicinity of San Juan, PR.

The lease will be delegated to VA, provide continued services for the San Juan Veteran community, and provide the necessary expansion services to meet current and projected service delivery gaps for healthcare in the local market.

Scoring:	Operating Lease
Current Total Annual Cost:	N/A

PROSPECTUS – LEASE
U.S. DEPARTMENT OF VETERANS AFFAIRS
SAN JUAN, PR

Prospectus Number: PPR-05-VA25
Congressional District: 00

Current Total Unserviced Annual Cost:	N/A
Estimated Unserviced Rental Rate: ¹	\$41.33 per NUSF
Estimated Total Unserviced Annual Cost: ²	\$10,309,000

Justification

A new 249,427 NUSF lease in San Juan, PR, will allow for the relocation of inpatient services currently offered at the San Juan VA Medical Center (VAMC).

The current community living center and ancillary spaces at the San Juan VAMC are inadequate and undersized for the current and projected veteran workload demand for services.

The new facility will enhance VA outpatient services by closing space gaps identified in VA's Strategic Capital Investment Planning process. This new lease will allow VA to provide comprehensive community living center and ancillary services to the veteran population in the San Juan area in a rightsized, seismically compliant and state-of-the-art healthcare facility in a timely manner. Being housed in a right-sized and more accessible facility will allow better optimized VA care delivery, improved veteran satisfaction, increased team coordination, improved workflows, and improved recruitment and retention for VA staff.

The proposed project aligns with the following VA Departmental Strategic Goals:

1. Deliver Timely, Accessible, High-Quality Benefits, Care and Services
 - VA delivers timely, accessible, high-quality benefits, care and services to meet the unique needs of veterans and all eligible beneficiaries.

Summary of Energy Compliance

The Government will incorporate energy efficiency and sustainability requirements into the Request for Lease Proposal and other documents related to the procurement of space based on the approved prospectus. The Government encourages offerors to exceed minimum requirements set forth in the procurement, and to the maximum extent practicable requires offerors to comply with the Energy Star requirement and other statutory and regulatory requirements.

¹ This estimate is for fiscal year 2025 and may be escalated by 2.2 percent annually to the effective date of the lease to account for inflation. The proposed rental rate is unserviced (taxes, insurance, management, and maintenance and repair reserves included); however, the lease contract may include operating expenses paid by the lessor.

² New leases may contain an escalation clause to provide for annual changes in real estate taxes.

Resolutions of Approval

Resolutions adopted by the House Committee on Transportation and Infrastructure and the Senate Committee on Environment and Public Works approving this prospectus will constitute approval to make appropriations to lease space in a facility that will yield the required net usable area.

Interim Leasing

The Government will execute such interim leasing actions as are necessary to ensure continued housing prior to the effective date of the new lease. It is in the best interest of the Government to avert the financial risk of holdover tenancy.

Certification of Need

The proposed project is the best solution to meet a validated Government need.
