9. In no event shall the lessor enter into negotiations concerning the space leased with representatives of Federal agencies other than Contracting Officers and their designated representatives of the General Services Administration.

10. The total percentage of space occupied by the Government under the terms of the lease is equal to 6.71% percent of the total space available in the lessor's building, and will be used as the basis for computing the Government's pro-rata share of real estate taxes, as defined in the Annual Real Estate Tax Escalation Clause. The percentage of occupancy is derived by dividing the total Government space of 2,100 rentable square feet by the total building space of 31,280 rentable square feet.

11. Service Support Fees

The GATE Office and Technology Park is located on the US Army's Aberdeen Proving Ground. Consistent with its authority under 10 U.S.C. Section 2667, the Aberdeen Proving Ground Army Garrison levies an annual Service Support Fee on all the tenants of the installation, including private and federal.

Through the Service Support Fee, the Aberdeen Proving Ground Garrison provides government services (fire protection, police, road maintenance, etc.) exclusively for tenants of the installation (including the Lessor under this Lease). For the purpose of computing any adjustments to rent owed by Government to the Lessor related to increases or decreases in the Service Support Fee paid by Lessor to the Aberdeen Proving Ground Army Garrison in lieu of traditional real estate taxes, Lessor and Government shall rely upon the Real Estate Tax Clauses in the lease.

12. For purposes of determining the base rate for future adjustments to the operating cost, the Government agrees that the base rate of \$6.15 per ANSI/BOMA Office Area (ABOA) square foot, is acceptable. This figure includes the Government's pro-rata share of operating costs.

13. Notwithstanding any other provision of this agreement requiring the Government to give notice to exercise any option contained herein for extension of the lease for additional space in the facility, or for purchase of the facility, the lessor shall notify the Contracting Officer, in writing, at least thirty (30) calendar days and no more than sixty (60) calendar days prior to the time the option must be exercised. In the event the lessor fails to notify the Government, as required by this paragraph, the Government shall have the right to exercise the option at anytime prior to the expiration of the lease. If GSA exercises the option to renew the lease, said rental will be based on the

Lessor  Government

amount of operating cost adjustments accrued up to date of renewal and calculation on the basis of the new adjusted base rate for services and utilities.

14. Lessor shall complete the building shell as defined in the lease and complete all alterations, improvements, and repairs required by this lease, and deliver the leased premises ready for occupancy by the Government within thirty (30) calendar / working days from the date of notice to proceed with the construction of the tenant improvements. When Lessor has completed all such alterations, improvements, and repairs, Lessor shall promptly notify the Contracting Officer, who shall promptly cause the same to be inspected. Upon the date of completion of such alterations, improvements, and repairs and inspection and acceptance by the Government, the term of this lease shall commence and shall continue for ten (10) consecutive calendar years. The commencement date shall be more particularly set forth by a Supplemental Lease Agreement.

Upon acceptance of the leased premises by the Government, the same shall be measured and rental shall be paid, in accordance with Paragraph 4.1 of the lease, "Measurement of Space" and Paragraph 27 General Clauses, GSA Form 3517, "Payment" at the rate of:
