The Landlord has a concern regarding the 6' parking stops being installed to prevent automobiles from cutting through parking spaces as they may prove to be a tripping hazard for pedestrians in the deck. The Landlord reserves the right to ask the Government to remove certain parking stops at the Government's expense if the Landlord begins to receive incident reports and claims as a result of the installation of these stops or the Government would pay for any insurance increases or claims resulting from the installation of these stops.

This SLA #43 specifically excludes any increase in operating expenses associated with the work being performed and is subject to an operating cost increase to be agreed upon by Lessor & the Government.
