The following standard conditions and requirements shall apply to any premises offered for lease to the UNITED STATES OF AMERICA (hereinafter called the GOVERNMENT):

Space offered must be in a quality building of sound and substantial construction, either a new, modern building or one that has undergone restoration or rehabilitation for the intended use.

The Lessor shall provide a valid Certificate of Occupancy for the intended use of the Government and shall meet, maintain, and operate the building in conformance with all applicable current (as of the date of this solicitation) codes and ordinances. If space is offered in a building to be constructed for lease to the Government, the building must be in compliance with the most recent edition of the building code, fire code, and ordinances adopted by the jurisdiction in which the building is located.

The Building and the leased space shall be accessible to workers with disabilities in accordance with the Americans With Disabilities Act Accessibility Guidelines (36 CFR Part 1191, App. A) and the Uniform Federal Accessibility Standards (Federal Register vol. 49, No. 153, August 7, 1984, reissued as FED.
