This amount is amortized in the rent over the Firm Term of this Lease at an annual interest rate of 5.0 percent. If the Government does not provide a Tenant Improvement scope of work within the first six months of the Lease, a new amortization rate may be negotiated if the Lessor provides evidence from its lending institution that interest rates have changed.

B. The Government, at its sole discretion, shall make all decisions as to the use of the TIA. The Government may use all or part of the TIA. The Government may return to the Lessor any unused portion of the TIA in exchange for a decrease in rent according to the agreed-upon amortization rate over the Firm Term.

C. The Government may elect to make lump sum payments for any or all work covered by the TIA. That part of the TIA amortized in the rent shall be reduced accordingly. At any time after occupancy and during the Firm Term of the Lease, the Government, at its sole discretion, may elect to pay lump sum for any part or all of the remaining unpaid amortized balance of the TIA.
