Where ramps are necessary, they shall have a non-slip surface with a slope no greater than 1 foot rise in 12 feet. Ramps must have a minimum clear width of 3 feet with level landings at the top and bottom of each ramp run. Each landing shall be at least 5 feet in length and as wide as any ramp run leading into it. The maximum rise for any run shall be 30 inches. Intermediate landings for turning ramps shall measure a minimum of 5 feet by 5 feet.
2. Lessor shall provide handrails complying with "HANDRAILS" (36 CFR 1191) on both sides of all ramps with a vertical rise greater than 6 inches. Ramps with drop-offs shall have curbs (minimum 2 inches high), walls, railings or projecting surfaces. Lessor shall provide curb ramps wherever an accessible route crosses a curb. Curb ramps shall not interfere with walks or vehicular traffic. The maximum slope of a curb ramp shall be a 1-inch rise per 12 inch run. The maximum length of a curb ramp shall be 6 feet with a minimum width of 36 inches, exclusive of flared sides. If no other alternative is feasible, accessible platform lifts may be used in lieu of a ramp or elevator. Lifts shall have accessible controls and clearances, shall comply with applicable safety regulations, and should facilitate unassisted entry and exit.

ACTION REQUIRED: USE SUB-PARAGRAPH E IF THE AGENCY'S SPACE REQUIREMENTS INCLUDE TELECOMMUNICATIONS DEVICES SUCH AS SATELLITE DISHES, ANTENNAS, AND RELATED TRANSMISSION DEVICES. OTHERWISE, DELETE.

E. Antennas, Satellite Dishes, and Related Transmission Devices.

1. Space located on the roof of the Building sufficient in size for the installation and placement of telecommunications equipment,

2. The right to access the roof of the Building, and
3. Use of all Building areas (e.g., chases, plenums, etc.) necessary for the use, operation, and maintenance of such telecommunications equipment at all times during the term of this Lease.

F. Loading Docks. See "LOADING DOCKS SHELL WAREHOUSE" paragraph in Section 3 of this Lease.

ACTION REQUIRED: DESCRIBE THE TYPE OF TRUCK AND ITS MINIMUM TURNING RADIUS BELOW. CHOOSE "PREFERRED" OR "REQUIRED", DEPENDING UPON THE CLIENT AGENCY'S REQUIREMENTS, PRIOR TO ISSUING THE RLP PACKAGE.

1.02 TRUCK TURNING RADIUS REQUIREMENTS (WAREHOUSE) (MAY 2014)

At a minimum, a truck turning radius of **XX feet** sized for **XXXXX (TYPE/SIZE OF TRUCK)** trucks shall be provided and maintained at all times for all loading docks designed for such sized trucks. One-way design for service traffic is **[preferred] [required]** in order to avoid the need for large turning areas.

ACTION REQUIRED: FILL OUT MINIMUM CLEAR CEILING HEIGHT REQUIREMENTS PRIOR TO ISSUING THE RLP PACKAGE. IF ONLY A PORTION OF THE WAREHOUSE NEEDS TO BE ESPECIALLY TALL ADDRESS THAT REQUIREMENT HERE.

1.03 CLEAR CEILING HEIGHT REQUIREMENTS (WAREHOUSE) (MAY 2014)

A minimum of **XXXXX** ABOA SF must have a clear ceiling height of **XX feet XX inches**, measured from floor to the lowest obstruction, with the balance of the space maintaining a clear ceiling height of a minimum of **XX feet**. Bulkheads and hanging or surface mounted light fixtures which impede traffic ways shall be avoided.

1.04 BAY WIDTH, BAY DEPTH, AND COLUMN SPACING REQUIREMENTS (WAREHOUSE) (MAY 2014)

The following minimum requirements apply to this Lease:

- A. Bay Width: **XX' XX"** (the distance from one side of the bay to the other side of the bay in linear feet and inches)
- B. Bay Depth: **XX' XX"** (the distance from the front of the bay to the back of the bay in linear feet and inches)
- C. Column Spacing: Columns shall be **XX' XX"** linear feet apart from one another.

ACTION REQUIRED: ADJUST THE RENTAL RATES IN THE TABLE TO REFLECT THE ACTUAL AMORTIZATION OF TI AND BUILDING SPECIFIC AMORTIZED CAPITAL (BSAC). ADD ADDITIONAL TABLES AS NECESSARY FOR MULTIPLE STEP RENTS. TABLE DEFAULTS TO TI RENT AND BSAC DROPPING OUT AFTER FIRM TERM.

NOTE: THE INCLUSION OF THE AMORTIZED TI AND BSAC CANNOT CAUSE THE TOTAL FULLY SERVICED RENT TO EXCEED THE HIGH END OF THE MARKET OR PROSPECTUS LIMIT, IN WHICH INSTANCE A RWA IS NEEDED TO FUND THE EXCESS.

NOTE FOR TIA AND/OR BSAC PLACEHOLDER ESTIMATE PRICING: IF THE ACTUAL POST-AWARD TI OR BSAC PRICING IS LESS THAN THE ALLOWANCE/PLACEHOLDER ESTIMATES STATED BELOW, THEN THE FINAL TI AND/OR BSAC RENT, AS REFLECTED IN THE LEASE TERM COMMENCEMENT LEASE AMENDMENT, MUST BE ADJUSTED DOWNWARDS IN ACCORDANCE WITH THE TERMS OF THE LEASE. THE AMOUNT OF REDUCTION CANNOT BE USED TOWARDS ANY OTHER RENTAL COMPONENT (E.G., SHELL CREDIT). ALSO, THE TI ALLOWANCE MAY NOT BE INCREASED THROUGH THE USE OF WARM-LIT SHELL CREDITS.

NOTE: IN MOST COMMUNITIES, WAREHOUSE LEASES ARE NET OR A MODIFIED NET VERSION OF OPERATING COSTS, NOT FULL SERVICE LEASES. UNLESS THE LOCAL MARKET CUSTOMARILY PROVIDES OPERATING SERVICES AS A PART OF BASIC RENT, THE LEASE SHOULD BE NET OF OPERATING COSTS FOR SERVICES WITHIN THE LEASED SPACE. IN SUCH CASES, ONLY OPERATING EXPENSES FOR THE EXTERIOR COMMON AREAS (E.G., SITE MAINTENANCE, LANDSCAPING, SNOW REMOVAL, UTILITIES FOR EXTERIOR LIGHTING) AND BUILDING EXTERIOR MAINTENANCE WOULD BE INCLUDED IN OPERATING COSTS.

1.05 THE PREMISES (WAREHOUSE) (OCT 2022)

The Premises are described as follows:

ACTION REQUIRED:

KEEP BOTH VERSIONS OF SUB-PARAGRAPH A WHEN ISSUING THE RLP;

ACTION REQUIRED: SELECT THE APPROPRIATE SUB-PARAGRAPH A WHEN DRAFTING FINAL LEASE. DELETE THE ALTERNATE VERSION.

ACTION REQUIRED: INSERT AMOUNT OF SPACE STATED IN FINAL PROPOSAL REVISIONS, NOT THE RANGE REQUESTED IN THE RLP. IF FREE SPACE IS OFFERED, CONSULT THE LATEST EDITION OF THE PRICING POLICY DESK GUIDE. [NOTE: MEZZANINE SPACE IN A WAREHOUSE IS USUALLY FREE SPACE, AND IS NOT TO BE INCLUDED IN THE AMOUNT OF SPACE LEASED]. USE WHOLE NUMBERS FOR RSF AND ABOA; ROUND CAF TO NEAREST PERCENTAGE (E.G. 12 PERCENT).

EXHIBIT X REFERS TO THE SITE AND FLOOR PLANS PROVIDED BY THE SUCCESSFUL OFFEROR AND MUST DELINEATE THE SPACE UNDER LEASE.

FOR NEWLY CONSTRUCTED SPACE, SITE PLANS SHOULD ALSO BE ATTACHED.

VERSION 1: USE WHEN ACCEPTING AN OFFER THAT DOES NOT INCLUDE FREE SPACE.

- A. Warehouse and Related Space. **XXX,XXX** rentable square feet yielding **XX** ANSI/BOMA Occupant Area (ABOA) square feet (SF) of warehouse Space known as Suite(s) **XX**, of the Building, as depicted on the floor plan(s) attached hereto as Exhibit **XX**.

VERSION 2: USE WHEN ACCEPTING AN OFFER THAT DOES NOT INCLUDE FREE SPACE (NOTE THAT THIS IS NOT THE SAME AS FREE RENT):

A. **Warehouse and Related Space.** **XX** rentable square feet (RSF), yielding **XX** ANSI/BOMA Occupant Area (ABOA) square feet (SF) of warehouse and related Space and an additional **XX** RSF, yielding **XX** ABOA SF of free space (for which the Government will not be charged rent, including real estate taxes and operating cost escalations) in excess of the total **XX** RSF/**XX** ABOA SF indicated above, for a total of **XX** RSF (yielding **XX** ABOA SF), located on the **XX** floor(s) and known as Suite(s) **XX**, of the Building, as depicted on the floor plan(s) attached hereto as Exhibit **XX**. All rights, responsibilities, and obligations that bind the Lessor and Government under this lease agreement, including the General Clauses, and any other attachments hereto, shall pertain to the entire space under lease, including the free space.

ACTION REQUIRED: CALCULATE THE COMMON AREA FACTOR (CAF) AS A PERCENTAGE (%) OF THE DIFFERENCE BETWEEN THE AMOUNT OF RENTABLE SF AND ABOA SF, DIVIDED BY THE ABOA SF. FOR EXAMPLE, 11,500 RSF AND 10,000 ABOA SF WILL HAVE A CAF OF 15% [(11,500 RSF-10,000 ABOA SF)/10,000 ABOA SF]. DO NOT INSERT THIS AS AN R/U FACTOR [E.G., 1.15]. SEE DEFINITIONS UNDER SECTION 2.

B. **Common Area Factor.** The Common Area Factor (CAF), defined under Section 2 of the Lease, is established as **XX** percent. This factor, rounded to the nearest whole percentage, shall be used for purposes of rental adjustments in accordance with the Payment Clause of the General Clauses.

⁵Parking costs described under sub-paragraph B below.

⁷Total Annual Rent does not reflect reduction for free rent (if applicable). See subparagraph C below.

ACTION REQUIRED: IF PARKING IS CHARGED SEPARATELY, USE SUB-PARAGRAPH B, AS APPROPRIATE. OTHERWISE, DELETE.. NOTE: PARKING RATE IS TYPICALLY ON A PER MONTH BASIS.

B. Parking shall be provided at a rate of \$XX per parking space per month (structured/inside), and \$XX per parking space per month (surface/outside).

ACTION REQUIRED: INSERT THIS SUB-PARAGRAPH ONLY WHEN ACCEPTING AN OFFER THAT INCLUDES FREE RENT. OTHERWISE, DELETE.

ACTION REQUIRED: DEFINE THE FREE RENT COMPONENTS (E.G., SHELL, OPERATING, TI, BSAC, PARKING RENT). ALTERNATIVELY, FREE RENT CAN BE EXPRESSED AS A DOLLAR AMOUNT. DELETE LAST SENTENCE IF FREE RENT DOES NOT INCLUDE ALL RENTAL COMPONENTS OR IF EXPRESSED AS A DOLLAR AMOUNT.

ACTION REQUIRED:

- INPUT INFORMATION IN HIGHLIGHTED TEXT AREA
- DELETE E WHEN DOING A SUCCEEDING/SUPERSEDING LEASE

F. Rent is subject to adjustment based upon the final Tenant Improvement (TI) cost to be amortized in the rental rate, as agreed upon by the parties subsequent to the Lease Award Date.

ACTION REQUIRED: DELETE SUB-PARAGRAPH G FOR FSL I OR TURNKEY BSAC PRICING).

G. Rent is subject to adjustment based on the final Building Specific Amortized Capital (BSAC) cost to be amortized in the rental rate, as agreed upon by the parties subsequent to the Lease Award Date.

- G. If the Government leases the Premises for less than a full calendar month, then rent shall be prorated based on the actual number of days leased for that month.
- H. Rent shall be paid to Lessor by electronic funds transfer (EFT) in accordance with the provisions of the General Clauses. Rent shall be payable using the EFT information contained in the System for Award Management (SAM). In the event the EFT information changes, the Lessor shall be responsible for providing the updated information to SAM. Failure by the Lessor to maintain an active registration in SAM may result in delay of rental payments until such time as the SAM registration is activated.
- I. Lessor shall provide to the Government, in exchange for the payment of rental and other specified consideration, the following:
 - 1. The leasehold interest in the Property described herein in the paragraph entitled "The Premises."
 - 2. All costs, expenses, and fees to perform the work required for acceptance of the Premises in accordance with this Lease, including all costs for labor, materials, and equipment, professional fees, subcontractor fees, attorney fees, permit fees, inspection fees, and similar such fees, and all related expenses.

VERSION 2: USE FOR A "LEASE NET OF UTILITIES" – IDENTIFY WHICH UTILITIES (ELECTRIC AND/OR GAS) ARE NET AND DELETE ONE OF THE UTILITIES PARAGRAPHS IN THE "UTILITIES, SERVICES, AND OBLIGATIONS DURING THE LEASE TERM" SECTION OF THIS LEASE ACCORDINGLY.

- 3. Performance or satisfaction of all other obligations set forth in this Lease; and all services, utilities (with the exclusion of **XX**), maintenance required for the proper operation of the Property, the Building, and the Leased Premises, in accordance with the terms of the Lease, including, but not limited to, all inspections, modifications, repairs, replacements and improvements required to be made thereto to meet the requirements of this Lease. The Government shall be responsible for paying the cost of **XX** directly to the utility provider. The Lessor shall ensure that such utilities are separately metered. The Lessor shall provide and install as part of shell rent, separate meters for utilities. Sub-meters are not acceptable. The Lessor shall furnish in writing to the LCO, prior to occupancy by the Government, a record of the meter numbers and verification that the meters measure Government usage only. Proration is not permissible. In addition, an automatic control system shall be provided to assure compliance with heating and air conditioning requirements.

- J. For succeeding Leases with an incumbent Lessor where the Government is currently in occupancy and possession of the leased Premises and where the Lease requires the Lessor to perform alterations using either the TIA or BSAC, the amortized tenant improvement rent and/or BSAC rent will not commence until the alterations are complete and accepted by the Government. Upon acceptance of these improvements, the Government will commence payment of the tenant improvement and/or BSAC rent as stipulated under the Lease, in addition to payment of the tenant improvement and/or BSAC rent for the period starting from the Lease Term Commencement Date to the date of tenant improvement/BSAC acceptance by the Government (such rent payment will not include any additional interest). Alternatively, the Government may elect to re-amortize the tenant improvements/BSAC over the remaining Firm Term of the Lease, at the amortization rate stipulated in the Lease. In the event the Government does not use all the TIA or BSAC, then the rental payments will be adjusted in accordance with the provisions of the Lease (e.g., de-amortization).

ACTION REQUIRED: USE THE PARAGRAPH BELOW IF COMMISSION CREDIT IS APPLICABLE. OTHERWISE, DELETE.

NOTE: COMMISSIONS AND/OR COMMISSION CREDITS SHOULD BE TREATED AS CONFIDENTIAL FINANCIAL INFORMATION AND SHOULD NOT BE DISCLOSED TO THE PUBLIC OR USED FOR ANY OTHER PURPOSE THAN THAT FOR WHICH IT WAS FURNISHED, WITHOUT CONSENT OF THE LCO.

1.07 BROKER COMMISSION AND COMMISSION CREDIT (OCT 2016)

- A. **[Broker Name]** (Broker) is the authorized real estate Broker representing GSA in connection with this Lease transaction. The total amount of the Commission is **\$XX** and is earned upon Lease execution, payable according to the Commission Agreement signed between the Lessor and Broker. Only **\$XX** of the Commission will be payable to **[Broker Name]** with the remaining **\$XX**, which is the Commission Credit, to be credited to the shell rental portion of the annual rental payments due and owing to fully recapture this Commission Credit. The reduction in shell rent shall commence with the first month of the rental payments and continue until the credit has been fully recaptured in equal monthly installments over the shortest time practicable.

The effective date of the termination shall be the day following the expiration of the required notice period or the termination date set forth in the notice, whichever is later. No rental shall accrue after the effective date of termination.

ACTION REQUIRED: ENTER THE COMPLETE SET OF RENEWAL OPTION TERMS BELOW.

NOTE: REVISE SUB-PARAGRAPH B IF THE INTENT IS TO SEEK FIRM TERM RENEWAL OPTIONS.

B. Termination rights outlined in the "Termination Rights" paragraph apply to all renewal terms.

ACTION REQUIRED: THE LIST OF ATTACHMENTS IS NOT COMPREHENSIVE. ADJUST THE LIST AS APPROPRIATE FOR THE SPECIFIC TRANSACTION.

INCLUDE RELEVANT OFFEROR SUBMITTALS; EXAMPLES INCLUDE:

- APPROVED ASBESTOS MANAGEMENT PLAN
- SOURCE SELECTION AND/OR NEW CONSTRUCTION TECHNICAL SUBMISSIONS
- UNIT PRICE LISTS
- UNIT PRICE LISTS

FOR BROKER PROJECTS THE SIGNED COMMISSION AGREEMENT IS NOT INCLUDED AS AN ATTACHMENT TO THE LEASE

EXHIBITS SHOULD BE LABELED WITH SEQUENTIAL LETTERS.

ACTION REQUIRED:

DELETE ANY ATTACHMENTS THAT ARE NOT APPLICABLE (FOR EXAMPLE, SEISMIC PRE-AWARD RETROFIT COMMITMENT, SMALL BUSINESS SUBCONTRACTING PLAN, RLP AMENDMENTS, ETC.).

NOTE: ONLY INCLUDE RLP AMENDMENTS AFFECTING THE LEASE (FOR EXAMPLE, CHANGE IN CLEANING SPECIFICATIONS) AND NOT THOSE AFFECTING THE OFFER PROCESS (FOR EXAMPLE, EXTENDING THE INITIAL OFFER DUE DATE). LCO MAY ALSO INCORPORATE AMENDMENT CHANGES DIRECTLY INTO THE LEASE PARAGRAPHS, AS APPROPRIATE AND NOTE CHANGED PARAGRAPHS UNDER SECTION 7.

NOTE: THE LCO MAY DECIDE IT IS MORE SUITABLE TO INCORPORATE SOME EXTENSIVE OR SENSITIVE DOCUMENTS BY REFERENCE, FOR EXAMPLE, THE COURTS DESIGN GUIDE. NOTE: ONLY INCLUDE "FOREIGN OWNERSHIP AND FINANCING REPRESENTATION" FOR FSL III, IV OR V PROJECTS. OTHERWISE, DELETE. YOU MUST NOTIFY CLIENT AGENCY PRIOR TO AWARD IF THE REPRESENTATION DISCLOSES FOREIGN OWNERSHIP OR FINANCING.

1.10 DOCUMENTS INCORPORATED IN THE LEASE (WAREHOUSE) (OCT 2023)

The following documents are attached to and made part of the Lease:

DOCUMENT NAME	NO. OF PAGES	EXHIBIT
FLOOR PLAN(S)		
PARKING PLAN(S)		
SITE PLAN(S)		
AGENCY SPECIAL REQUIREMENTS		
SECURITY REQUIREMENTS		
RACKING/STACKING PLAN(S)		
GSA 3517B, GENERAL CLAUSES		
SEISMIC FORM C, BUILDING RETROFIT OR NEW CONSTRUCTION PREAWARD COMMITMENT		
Approved Small Business Subcontracting Plan [IF OFFEROR CERTIFIES ENTITY AS AN OTHER THAN SMALL BUSINESS AND AGGREGATE RENT IS OVER \$750,000]

GSAR 552.270-33 FOREIGN OWNERSHIP AND FINANCING REPRESENTATION FOR HIGH-SECURITY LEASED SPACE [FOR FSL III AND ABOVE PROJECTS ONLY]		
---	--	--

ACTION REQUIRED: THE LEASING SPECIALIST IS TO ENTER THE TI ALLOWANCE PRIOR TO ISSUANCE OF LEASE DOCUMENT WITH RLP. THE TI ALLOWANCE FOR WAREHOUSE/STORAGE USE IN A WAREHOUSE BUILDING IS EQUAL TO 20% OF THE GENERAL PORTION OF THE TENANT AGENCY'S TOTAL TI ALLOWANCE AS ADJUSTED FOR THE LOCAL CONSTRUCTION INDEX. IF THERE ARE ALSO NON-STORAGE USES PROPOSED WITHIN THE WAREHOUSE BUILDING, (SUCH AS OFFICE), THEN THE TI ALLOWANCE FOR THAT NON-STORAGE PORTION (E.G., OFFICE) IS THE FULLY ALLOWED TOTAL GENERAL TI ALLOWANCE, (ADJUSTED FOR THE LOCAL CONSTRUCTION INDEX), PLUS THE CUSTOM TIER ALLOWANCE FOR THAT AGENCY FOR THE OFFICE PORTION. THE OA TOOL WILL AUTOMATICALLY CALCULATE THIS BLENDED TI ALLOWANCE BASED UPON THE SQUARE FOOTAGE DEVOTED TO WAREHOUSE AND OFFICE (OR OTHER) USES. SEE THE OA TOOL FOR ADDITIONAL DETAIL ON DETERMINING THE TI ALLOWANCE FOR OCCUPANCIES THAT INCLUDE NON-STORAGE SPACE TYPES WITHIN A WAREHOUSE BUILDING. ALTERNATIVELY, LEASING SPECIALISTS CAN ALSO USE THE FUNCTIONAL COST ESTIMATE METHODOLOGY TO ESTABLISH THE TI ALLOWANCE. IN THESE INSTANCES, PRICING MUST BE CONSULTED BEFORE ISSUING THE RLP AND LEASE TO OBTAIN APPROVAL FOR A FUNCTIONAL COST ESTIMATE TIA DETERMINATION BY THE PRICING DIVISION OF PORTFOLIO MANAGEMENT. REFERENCE THE PRICING DESK GUIDE FOR THIS METHODOLOGY AS THE STANDARD IS FOR BASIC FUNCTIONALITY (NOT FINISH, FIXTURE, OR FEATURE ENHANCEMENTS).

1.11 TENANT IMPROVEMENT ALLOWANCE (AUG 2011)

The Tenant Improvement Allowance (TIA) for purposes of this Lease is **\$XX.XX** per ABOA SF. The TIA is the amount that the Lessor shall make available for the Government to be used for TIs. This amount is amortized in the rent over the Firm Term of this Lease at an annual interest rate of **X** percent.

1.12 TENANT IMPROVEMENT RENTAL ADJUSTMENT (OCT 2016)

- A. The Government, at its sole discretion, shall make all decisions as to the use of the TIA. The Government may use all or part of the TIA. The Government may return to the Lessor any unused portion of the TIA in exchange for a decrease in rent according to the agreed-upon amortization rate over the Firm Term.
- B. The Government may elect to make lump sum payments for any or all work covered by the TIA. That part of the TIA amortized in the rent shall be reduced accordingly. At any time after occupancy and during the Firm Term of the Lease, the Government, at its sole discretion, may elect to pay lump sum for any part or all of the remaining unpaid amortized balance of the TIA. If the Government elects to make a lump sum payment for the TIA after occupancy, the payment of the TIA by the Government will result in a decrease in the rent according to the amortization rate over the Firm Term of the Lease.
- C. If it is anticipated that the Government will spend more than the identified TIA, the Government may elect to:
 - 1. Reduce the TI requirements;
 - 2. Pay lump sum for the overage upon substantial completion in accordance with the "Acceptance of Space and Certificate of Occupancy" paragraph;
 - 3. Negotiate an increase in the rent.

ACTION REQUIRED: USE FOR TI ALLOWANCE AND BUILDING SPECIFIC AMORTIZED CAPITAL (BSAC) PRICING AND ENTER THE DOLLAR AMOUNT, DOLLAR RATE, OR PERCENTAGE. DELETE WHEN USING TI TURNKEY PRICING.

NOTE: THERE ARE 3 PRICING METHODS LISTED FOR A/E FEES:

- \$ PER ABOA SF
- \$ FLAT FEE
- % OF TI AND BSAC CONSTRUCTION COSTS (MOST COMMONLY USED)

LESSOR PM FEES ARE ALWAYS STATED AS A PERCENTAGE

ACTION REQUIRED: AT LEASE AWARD, CHOOSE THE APPROPRIATE METHOD AND DELETE THE OTHER TWO.

1.13 TENANT IMPROVEMENT AND BSAC FEE SCHEDULE (OCT 2024)

For pricing TI and BSAC costs, the following rates shall apply for the initial build-out of the Space.

	INITIAL BUILD-OUT OUT [CHOOSE ONE APPLICABLE METHOD (E.G., %) AND DELETE OTHER TWO]
ARCHITECT/ENGINEER (A/E) FEES (\$ PER ABOA SF, \$ FLAT FEE, OR % OF TI AND BSAC CONSTRUCTION COSTS) [CHOOSE ONE APPLICABLE METHOD (E.G., % OF TI AND BSAC CONSTRUCTION COSTS) AND DELETE OTHER TWO]	\$XX PER ABOA SF, \$XX FLAT FEE, OR XX%
LESSOR'S PROJECT MANAGEMENT FEE (% OF TI AND BSAC CONSTRUCTION COSTS)	XX%

ACTION REQUIRED: MANDATORY FOR ACTIONS DESIGNATED AT FACILITY SECURITY LEVEL (FSL) III OR IV, WHICH REQUIRES OFFERORS TO DETERMINE BSAC RENT BASED UPON AN ESTIMATED DOLLAR AMOUNT SUPPLIED BY THE GOVERNMENT. OTHERWISE, DELETE FOR FSL I OR TURNKEY BSAC PRICING.

ACTION REQUIRED. LEASING SPECIALIST MUST ENTER THE BSAC AND AMORTIZATION RATE AT LEASE AWARD. FOR FSL II, INSERT \$12.00 PER ABOA SF, FOR FSL III, INSERT \$25.00 PER ABOA SF AND FOR FSL IV, INSERT \$40.00 PER ABOA SF (UNLESS LEASE IS AWARDED TO CURRENT LOCATION USING A LOWER BSAC PLACEHOLDER AMOUNT). THESE NUMBERS ARE ESTIMATED BASED ON THE FSL. NOTE: THE TOTAL FULLY SERVICED LEASE RATE, INCLUDING THE COST OF BUILDING SERVICES AND ALL AMORTIZED TI ALLOWANCES AND AMORTIZED BSAC, MAY NOT EXCEED THE HIGH END OF THE MARKET OR PROSPECTUS LIMIT LEASE RATE.

1.14 BUILDING SPECIFIC AMORTIZED CAPITAL (SEP 2012)

For purposes of this Lease, the Building Specific Amortized Capital (BSAC) is **\$XX.XX** per ABOA SF. The Lessor will make the total BSAC amount available to the Government, which will use the funds for security related improvements. This amount is amortized in the rent over the Firm Term of this lease at an annual interest rate of **X** percent.

ACTION REQUIRED: MANDATORY FOR ACTIONS DESIGNATED AT FACILITY SECURITY LEVEL (FSL) III OR IV, WHICH REQUIRES OFFERORS TO DETERMINE BSAC RENT BASED UPON AN ESTIMATED DOLLAR AMOUNT SUPPLIED BY THE GOVERNMENT. OTHERWISE, DELETE FOR FSL I OR TURNKEY BSAC PRICING.

NOTE: AMORTIZATION PERIOD DEFAULTS TO FIRM TERM. REVISE IF RLP OR NEGOTIATED OFFER REFLECTS OTHERWISE.

1.15 BUILDING SPECIFIC AMORTIZED CAPITAL RENTAL ADJUSTMENT (SEP 2013)

- A. The Government, at its sole discretion, shall make all decisions about the use of the Building Specific Amortized Capital (BSAC). The Government may use all or part of the BSAC. The Government may return to the Lessor any unused portion of the BSAC in exchange for a decrease in rent (where applicable) according to the agreed-upon amortization rate over the Firm Term.
- B. The Government may elect to make lump-sum payments for any work covered by the BSAC. The part of the BSAC amortized in the rent shall be reduced accordingly. At any time after occupancy and during the Firm Term of the Lease, the Government, at its sole discretion, may elect to pay a lump sum for any part or all of the remaining unpaid amortized balance of the BSAC. If the Government elects to make a lump-sum payment for the BSAC after occupancy, the payment of the BSAC by the Government will result in a decrease in the rent according to the amortization rate over the Firm Term of the Lease.
- C. If it is anticipated that the Government will spend more than the BSAC identified above, the Government may elect to:
 - 1. Reduce the security countermeasure requirements;
 - 2. Pay a lump sum for the amount overage upon substantial completion in accordance with the "Acceptance of Space and Certificate of Occupancy" paragraph; or
 - 3. Negotiate an increase in the rent.

NOTE: LCO SHOULD CONFIRM TAX PARCEL DURING NEGOTIATIONS

NOTE: PARAGRAPH DEFAULTS TO CALCULATING PERCENTAGE OF OCCUPANCY BASED ON PRO-RATA SHARE OF A SINGLE BUILDING. IN INSTANCES WHERE THE TAX PARCEL INCLUDES MULTIPLE BUILDINGS, THE PARAGRAPH SHOULD BE REVISED AND THE PERCENTAGE OF OCCUPANCY CALCULATED BASED ON THE PRO-RATA SHARE OF RENTABLE SPACE FOR THE TAX PARCEL. DO NOT INCLUDE FREE SPACE AS PART OF "TOTAL GOVERNMENT SPACE" WHEN CALCULATING PERCENTAGE OF OCCUPANCY.

NOTE: STATE FIGURE AS A PERCENTAGE, NOT AS A DECIMAL [I.E., 1,000 RSF DIVIDED BY 10,000 RSF = 10 PERCENT, NOT .10 PERCENT].

1.16 PERCENTAGE OF OCCUPANCY FOR TAX ADJUSTMENT (OCT 2024)

- A. As of the Lease Award Date, the Government's Percentage of Occupancy, as defined in the "Real Estate Tax Adjustment" paragraph of this Lease is **XX** percent. The Percentage of Occupancy is derived by dividing the total Government Space of **XX** RSF by the total Building space of **XX** RSF. The tax parcel number is **XX**.
- B. All relevant tax adjustment documentation (e.g. copies of paid tax receipts, invoices) must be submitted online at leasing.gsa.gov or a successor portal.

ACTION REQUIRED: DELETE THIS PARAGRAPH UNLESS THE LCO DETERMINES THAT IT IS IN THE BEST INTEREST OF THE GOVERNMENT TO NEGOTIATE AND ESTABLISH A TAX BASE UPFRONT. IN MOST INSTANCES IT IS BETTER TO RELY UPON THE PARAGRAPH "REAL ESTATE TAX ADJUSTMENT," WHICH OUTLINES HOW THE TAX BASE IS ESTABLISHED, INSTEAD OF AGREEING TO A PRE-ESTABLISHED TAX BASE.

NOTE: A NEGOTIATED TAX BASE AMOUNT SHOULD ONLY BE ESTABLISHED AFTER CAREFUL RESEARCH AND CONSULTATION WITH THE ZONAL LCA TEAM, TO CONFIRM THAT IT ACCURATELY REFLECTS THE ANTICIPATED TAX BASE FOR THE PROPERTY, FULLY ASSESSED, FOR THE FIRST YEAR OF OCCUPANCY. SETTING A TAX BASE THAT IS TOO LOW SHIFTS RISK TO THE GOVERNMENT.

NOTE: AS DEFINED UNDER THE "REAL ESTATE TAX ADJUSTMENT" PARAGRAPH, THE REAL ESTATE TAX BASE MUST REFLECT ENTIRE PROPERTY AND NOT JUST THE OCCUPIED SPACE.

1.17 REAL ESTATE TAX BASE (SEP 2013)

The Real Estate Tax Base, as defined in the "Real Estate Tax Adjustment" paragraph of the Lease is **\$XX**. Tax adjustments shall not occur until the tax year following lease commencement has passed.

ACTION REQUIRED: THE FOLLOWING PARAGRAPH CAN BE OPTIONAL, DEPENDING UPON THE MARKET. DELETE IF THE PARAGRAPH DOES NOT APPLY TO A SPECIFIC MARKET.

NOTE: IN MOST COMMUNITIES, WAREHOUSE LEASES ARE A MODIFIED NET VERSION OF OPERATING COSTS, NOT FULL SERVICE LEASES. UNLESS THE LOCAL MARKET CUSTOMARILY PROVIDES OPERATING SERVICES, THE LEASE SHOULD BE NET OF OPERATING COSTS FOR SERVICES WITHIN THE LEASED SPACE. IN SUCH CASES, OPERATING COSTS SHOULD BE LIMITED TO THE COMMON AREAS, BUILDING EXTERIOR, AND SITE MAINTENANCE.

1.18 OPERATING COST BASE (OCT 2016)

The parties agree, for the purpose of applying the paragraph titled "Operating Costs Adjustment," that the Lessor's base rate for operating costs shall be \$XX.XX per RSF.

ACTION REQUIRED: USE IF THERE IS A NEGOTIATED AMOUNT FOR THE VACANT LEASED PREMISES.

NOTE: ALWAYS ATTEMPT TO NEGOTIATE AN ADJUSTMENT FOR VACANT PREMISES PRIOR TO LEASE AWARD. IDEALLY, NEGOTIATE OUT ALL NON-REQUIRED SERVICES AND UTILITIES IN THE VACANT SPACE.

1.19 RATE FOR ADJUSTMENT FOR VACANT LEASED PREMISES (SEP 2013)

In accordance with the paragraph entitled "Adjustment for Vacant Premises," if the Government fails to occupy or vacates the entire or any portion of the Premises prior to expiration of the term of the Lease, the operating costs paid by the Government as part of the rent shall be reduced by \$XX.XX per ABOA SF of Space vacated by the Government.

2.01 DEFINITIONS AND GENERAL TERMS (WAREHOUSE) (OCT 2023)

Unless otherwise specifically noted, all terms and conditions set forth in this Lease shall be interpreted by reference to the following definitions, standards, and formulas:

A. General Contract Terms.

1. "Contract" means lease.
2. "Contractor" means Lessor.
3. "Days" means calendar days, unless specified otherwise.
4. "Delivery Date" means the date specified in or determined pursuant to the provisions of the lease for delivery of the premises to the Government, improved in accordance with the provisions of the lease and substantially complete, as such date may be modified in accordance with the provisions of the lease.
5. "Excusable Delays" mean delays arising without the fault or negligence of Lessor and Lessor's subcontractors and suppliers at any tier, and shall include, without limitation:

 - c. Acts of another contractor in the performance of a contract with the Government,
 - d. Fires,
 - e. Floods,
 - f. Epidemics,
 - g. Quarantine restrictions,
 - h. Strikes,
 - i. Freight embargoes,
 - j. Unusually severe weather, or
 - k. Delays of subcontractors or suppliers at any tier arising from unforeseeable causes beyond the control and without the fault or negligence of both the Lessor and any such subcontractor or supplier.
6. "Lease Award Date" means the date the LCO executes the lease and furnishes written notification of the executed lease to the successful offeror (usually the date on which the parties' obligations under the lease begin).
7. "Lease Term Commencement Date" means the date on which the lease term commences.
8. "Substantially Complete" or "Substantial Completion" means that the work, the common and other areas of the building, and all other things necessary for the Government's access to the premises and occupancy, possession, use and enjoyment thereof, as provided in this lease, have been completed or obtained, excepting only such minor matters as do not interfere with or materially diminish such access, occupancy, possession, use or enjoyment. The space shall be considered substantially complete only if the space may be used for its intended purpose.
9. "Work" means all alterations, improvements, modifications, and other things required for the preparation or continued occupancy of the premises by the Government as specified in this lease.

B. Real Property Terms.

1. "ANSI/BOMA" is an acronym for American National Standards Institute/Building Owners and Managers Association.
2. "ANSI/BOMA Occupant Area" or "ABOA" means the measurement standard (Z65.1-2017) provided by ANSI/BOMA for Occupant Area, which is "the total aggregated area used by an Occupant before Load Factors are applied, consisting of Tenant Area and Tenant Ancillary Area." The Method A – Multiple Load Factor Method shall apply.

3. "Appurtenant Areas" means those areas and facilities on the property that are not located within the premises, or for which rights are expressly granted under this lease, or for which rights to use are reasonably necessary or reasonably anticipated with respect to the Government's enjoyment of the premises and express appurtenant rights (e.g. parking areas).
4. "Broker" means GSA's broker, if GSA awarded this lease using a contract real estate broker.
5. "Building" means building(s) situated on the property in which the premises are located.
6. "Commission Credit" means the amount of commission that is credited to the lease, if GSA's broker agreed to forgo a percentage of its commission, in connection with the award of this lease.
7. "Common Area Factor (CAF)" means a conversion factor determined and applied by the building owner to determine the rentable square feet for the leased space. The CAF is expressed as a percentage of the difference between the amount of rentable square feet (SF) and ABOA SF, divided by the ABOA SF. The CAF shall be determined in accordance with the applicable ANSI/BOMA standard for the type of space to which the CAF shall apply.
8. "Firm Term" means the part of the lease term that is not subject to termination rights.
9. "Non-Firm Term" means the part of the lease term following the end of the firm term, which is subject to termination rights.

12. "Rentable Space or Rentable Square Feet (RSF)" means the area for which a tenant is charged rent. It is determined by the building owner and may vary by city or by building within the same city. Rentable space may include a share of common areas such as elevator lobbies, building corridors, and floor service areas. Floor service areas typically include restrooms, janitor rooms, telephone closets, electrical closets, and mechanical rooms. Rentable space does not include vertical building penetrations and their enclosing walls, such as stairs, elevator shafts, and vertical ducts. To determine the RSF, the ABOA SF is multiplied by the sum of one (1) plus the CAF, for each type of space included in the premises.
13. "Space" means that part of the premises to which the Government has exclusive use, such as occupant area, or other types of space. Appurtenant areas (e.g., parking areas) to which the Government has rights under the lease are not included in the space.

2.02 AUTHORIZED REPRESENTATIVES (OCT 2016)

Signatories to this Lease shall have full authority to bind their respective principals with regard to all matters relating to this Lease. No other persons shall be understood to have any authority to bind their respective principals, except to the extent that such authority may be explicitly delegated by notice to the other party, or to the extent that such authority is transferred by succession of interest. The Government shall have the right to substitute its Lease Contracting Officer (LCO) by notice, without an express delegation by the prior LCO.

2.03 ALTERATIONS REQUESTED BY THE GOVERNMENT (OCT 2022)

- A. The Government may request the Lessor to provide alterations during the term of the Lease. Alterations will be ordered by issuance of a Lease Amendment, GSA Form 300, Order for Supplies or Services, or a tenant agency-approved form when specifically authorized to do so by the LCO. The General Services Administration Acquisition Manual ("GSAM") clause, 552.270-31, Prompt Payment, including its invoice requirements, shall apply to orders for alterations. All orders are subject to the terms and conditions of this Lease and may be placed by the LCO or a warranted contracting officer's representative (COR) in GSA or the tenant agency when specifically authorized to do so by the LCO, subject to the threshold limitation below.
- B. Orders for alterations issued by an authorized COR are limited to no more than \$250,000 (LCOs are not subject to this threshold). This threshold will change according to future adjustments of the simplified acquisition threshold (see FAR 2.101). The LCO will provide the Lessor with a list of tenant agency officials authorized to place orders and will specify any limitations on the authority delegated to tenant agency officials. The tenant agency officials are not authorized to deal with the Lessor on any other matters.
- C. The Lessor may be required to use the Government's project management system, as outlined in Lease paragraph entitled "Government Project Management System."
- D. Payments for alterations ordered by the tenant agency under the authorization described in sub-paragraph B will be made directly by the tenant agency placing the order.

2.04 WAIVER OF RESTORATION (OCT 2023)

Lessor shall have no right to require the Government to restore the Premises upon expiration or earlier termination (full or partial) of the Lease, and waives all claims against the Government for:

- A. Waste, or,
- B. Damages or restoration arising from or related to:

1. The Government's normal and customary use of the Premises during the term of the Lease (including any extensions thereof), as well as
2. Any initial or subsequent alteration to the Premises regardless of whether such alterations are performed by the Lessor or by the Government.

At its sole option, the Government may abandon property in the Space following expiration or earlier termination (full or partial) of the Lease, in which case the property will become the property of the Lessor and the Government will be relieved of any liability in connection therewith.

ACTION REQUIRED: IF BROKER IS NOT USED, DELETE.

2.05 PAYMENT OF BROKER (OCT 2021)

If GSA awarded the Lease through its Broker, the Lessor shall pay GSA's Broker its portion of the commission according to the Commission Agreement signed between the Lessor and Broker. "Its portion of the commission" means the agreed-upon commission to GSA's Broker minus the Commission Credit specified in the Lease or Lease Amendment.

2.06 CHANGE OF OWNERSHIP/NOVATION (OCT 2024)

- A. If during the term of the Lease, title to the Property is transferred or the Lessor changes its legal name, the Lessor and its successor shall comply with the requirements of FAR Subpart 42.12. If title is transferred, the Lessor shall notify the Government within five days of the transfer of title.
- B. The Government and the Lessor may execute a Change of Name Agreement if the Lessor is changing only its legal name, and the Government's and the Lessor's respective rights and obligations remain unaffected.
- C. If title to the Property is transferred, the Government, the original Lessor (Transferor), and the new owner or assignee (Transferee) shall execute a Novation Agreement providing for the transfer of Transferor's rights and obligations under the Lease to the Transferee. When executed on behalf of the Government, a Novation Agreement will be made part of the Lease via Lease Amendment.
- D. In addition to all documents required by FAR 42.1204, the LCO may request additional information (e.g., copy of the deed, bill of sale, certificate of merger, contract, court decree, articles of incorporation, operation agreement, partnership certificate of good standing, etc.) from the Transferor or Transferee to verify the parties' representations regarding the transfer, and to determine whether the transfer of the Lease is in the Government's interest.
- E. If the LCO determines that recognizing the Transferee as the Lessor will not be in the Government's interest, the Transferor shall remain fully liable to the Government for the Transferee's performance of obligations under the Lease, notwithstanding the transfer. Under no condition shall the Government be obligated to release the Transferor of obligations prior to (a) the rent commencement date; and (b) any amounts due and owing to the Government under the Lease that have been paid in full or completely set off against the rental payments due under the Lease.
- F. As a condition for being recognized as the Lessor and entitlement to receiving rent, the Transferee must register in the System for Award Management (SAM) for purposes of "All Awards" (See FAR 52.232-33), and complete all required representations and certifications within SAM. In addition, for leases FSL III or above, the Transferee must also complete 552.270-33 Foreign Ownership and Financing Representation for High-Security Leased Space. This representation must be completed annually.
- G. If title to the Property is transferred, rent shall continue to be paid to the original Lessor, subject to the Government's rights as provided for in this Lease. The Government's obligation to pay rent to the Transferee shall commence on the effective date of the Lease Amendment incorporating the Novation Agreement. The Lease Amendment will not be issued until the Government has received all information reasonably required by the LCO, the Government has determined that recognizing the Transferee as the Lessor is in the Government's interest (which determination will be prompt and not unreasonably withheld), and the Transferee has met all conditions specified in sub-paragraph F. The original Lessor must maintain an active registration in SAM until the Novation process is complete.

ACTION REQUIRED: OPTIONAL PARAGRAPH. MAY BE DELETED IF TAX ADJUSTMENTS ARE NOT CONTEMPLATED FOR THE PROCUREMENT OR IF THE SUCCESSFUL OFFEROR IS NOT SEEKING FUTURE TAX ADJUSTMENTS.

NOTE: FOR SOME STATES (CALIFORNIA, FOR EXAMPLE) IT WILL BE NECESSARY TO MODIFY THIS PARAGRAPH.

LCOS MUST CONSULT WITH REGIONAL COUNSEL PRIOR TO MAKING ANY CHANGES TO THE TAX PARAGRAPH BELOW.

2.07 REAL ESTATE TAX ADJUSTMENT (OCT 2023)

- A. Purpose. This paragraph provides for adjustment in the rent (tax adjustment) to account for increases or decreases in Real Estate Taxes for the Property after the establishment of the Real Estate Tax Base, as those terms are defined herein. Tax adjustments shall be calculated in accordance with this paragraph.
- B. Definitions. The following definitions apply to the use of the terms within this paragraph:
 1. Property is defined as the land and Buildings in which the Premises are located, including all Appurtenant Areas (e.g., parking areas to which the Government is granted rights).
 2. Real Estate Taxes are those taxes that are levied upon the owners of real property by a Taxing Authority (as hereinafter defined) of a state or local Government on an ad valorem basis to raise general revenue for funding the provision of government services. The term excludes, without limitation, special assessments for specific purposes, assessments for business improvement districts, and/or community development assessments.

3. Taxing Authority is a state, commonwealth, territory, county, city, parish, or political subdivision thereof, authorized by law to levy, assess, and collect Real Estate Taxes.
 4. Tax Year refers to the 12-month period adopted by a Taxing Authority as its fiscal year for assessing Real Estate Taxes on an annual basis.
 5. Tax Abatement is an authorized reduction in the Lessor's liability for Real Estate Taxes below that determined by applying the generally applicable real estate tax rate to the Fully Assessed (as hereinafter defined) valuation of the Property.
 6. Unadjusted Real Estate Taxes are the full amount of Real Estate Taxes that would be assessed for the Property for one full Tax Year without regard to the Lessor's entitlement to any Tax Abatements (except if such Tax Abatement came into effect after the date of award of the Lease), and not including any late charges, interest or penalties. If a Tax Abatement comes into effect after the date of award of the Lease, "unadjusted Real Estate Taxes" are the full amount of Real Estate Taxes assessed for the Property for one full Tax Year, less the amount of such Tax Abatement, and not including any late charges, interest, or penalties.
 7. Real Estate Tax Base is the unadjusted Real Estate Taxes for the first full Tax Year following the commencement of the Lease term. If the Real Estate Taxes for that Tax Year are not based upon a Full Assessment of the Property, then the Real Estate Tax Base shall be the Unadjusted Real Estate Taxes for the Property for the first full Tax Year for which the Real Estate Taxes are based upon a Full Assessment. Such first full Tax Year may be hereinafter referred to as the Tax Base Year. Alternatively, the Real Estate Tax Base may be an amount negotiated by the parties that reflects an agreed upon base for a Fully Assessed value of the Property.
 8. The Property is deemed to be Fully Assessed (and Real Estate Taxes are deemed to be based on a Full Assessment) only when a Taxing Authority has, for the purpose of determining the Lessor's liability for Real Estate Taxes, determined a value for the Property taking into account the value of all improvements contemplated for the Property pursuant to the Lease, and issued to the Lessor a tax bill or other notice of levy wherein the Real Estate Taxes for the full Tax Year are based upon such Full Assessment. At no time prior to the issuance of such a bill or notice shall the Property be deemed Fully Assessed.
 9. Percentage of Occupancy refers to that portion of the Property exclusively occupied or used by the Government pursuant to the Lease. For Buildings, the Percentage of Occupancy is determined by calculating the ratio of the RSF occupied by the Government pursuant to the Lease to the total RSF in the Building or Buildings so occupied and shall not take into account the Government's ancillary rights including, but not limited to, parking or roof space for antennas (unless facilities for such ancillary rights are separately assessed). This percentage shall be subject to adjustment to take into account increases or decreases for Space leased by the Government or for rentable space on the Property.
- C. Adjustment for changes in Real Estate Taxes. After the Property is Fully Assessed, the Government shall pay its share of any increases and shall receive its share of any decreases in the Real Estate Taxes for the Property, such share of increases or decreases to be referred to herein as "tax adjustment." The amount of the tax adjustment shall be determined by multiplying the Government's Percentage of Occupancy by the difference between the current year Unadjusted Real Estate Taxes and the Real Estate Tax Base, less the portion of such difference not paid due to a Tax Abatement (except if a Tax Abatement comes into effect after the date of award of the Lease). If a Tax Abatement comes into effect after the date of award of the Lease, the amount of the tax adjustment shall be determined by multiplying the Government's Percentage of Occupancy by the difference between the current year Unadjusted Real Estate Taxes and the Real Estate Tax Base. The Government shall pay the tax adjustment in a single annual lump sum payment to the Lessor. In the event that this tax adjustment results in a credit owed to the Government, the Government may elect to receive payment in the form of a rental credit or lump sum payment.
1. If the Property contains more than one separately assessed parcel, then more than one tax adjustment shall be determined based upon the Percentage of Occupancy, Real Estate Tax Base, and Real Estate Taxes for each respective parcel.
 2. After commencement of the Lease term, the Lessor shall provide to the LCO copies of all real estate tax bills for the Property, all documentation of Tax Abatements, credits, or refunds, if any, and all notices which may affect the assessed valuation of the Property, for the Tax Year prior to the commencement of the Lease Term, and all such documentation for every year following. Lessor acknowledges that the LCO shall rely on the completeness and accuracy of these submissions in order to establish the Real Estate Tax Base and to determine tax adjustments. The LCO may memorialize the establishment of the Real Estate Tax Base by issuing a unilateral administrative lease amendment indicating the base year, the amount of the Real Estate Tax Base, and the Government's Percentage of Occupancy.
 3. The Real Estate Tax Base is subject to adjustment when increases or decreases to Real Estate Taxes in any Tax Year are attributable to (a) improvements or renovations to the Property not required by this Lease, or (b) changes in net operating income for the Property not derived from this Lease. If either condition results in a change to the Real Estate Taxes, the LCO may re-establish the Real Estate Tax Base as the Unadjusted Real Estate Taxes for the Tax Year the Property is reassessed under such condition, less the amount by which the Unadjusted Real Estate Taxes for the Tax Year prior to reassessment exceeds the prior Real Estate Tax Base.
 4. If this Lease includes any options to renew the term of the Lease, or be otherwise extended, the Real Estate Tax Base for determining tax adjustments during the renewal term or extension shall be the last Real Estate Tax Base established during the base term of the Lease.
 5. If any Real Estate Taxes for the Property are retroactively reduced by a Taxing Authority during the term of the Lease, the Government shall be entitled to a proportional share of any tax refunds to which the Lessor is entitled, calculated in accordance with this Paragraph. Lessor acknowledges that it has an affirmative duty to disclose to the Government any decreases in the Real Estate Taxes paid for the Property during the term of the Lease. Lessor shall annually provide to the LCO all relevant tax records for determining whether a tax adjustment is due, irrespective of whether it seeks an adjustment in any Tax Year.

6. If the Lease terminates before the end of a Tax Year, or if rent has been suspended, payment for the real estate tax increase due because of this section for the Tax Year will be prorated based on the number of days that the Lease and the rent were in effect. Any credit due the Government after the expiration or earlier termination of the Lease shall be made by a lump sum payment to the Government or as a rental credit to any succeeding Lease, as determined in the LCO's sole discretion. Lessor shall remit any lump sum payment to the Government within 15 calendar days of payment or credit by the Taxing Authority to Lessor or Lessor's designee. If the credit due to the Government is not paid by the due date, interest shall accrue on the late payment at the rate established by the Secretary of the Treasury under Section 12 of the Contract Disputes Act of 1978, as amended (41 USC § 611), that is in effect on the day after the due date. The interest penalty shall accrue daily on the amount of the credit and shall be compounded in 30-day increments inclusive from the first day after the due date through the payment date. The Government shall have the right to pursue the outstanding balance of any tax credit using all such collection methods as are available to the United States to collect debts. Such collection rights shall survive the expiration of this Lease.
7. In order to obtain a tax adjustment, the Lessor shall furnish the LCO with copies of all paid tax receipts, or other similar evidence of payment acceptable to the LCO, and a proper invoice (as described in GSA 3517, General Clauses, 552.270-31, Prompt Payment) for the requested tax adjustment, including the calculation thereof. All such documents must be received by the LCO within 60 calendar days after the last date the real estate tax payment is due from the Lessor to the Taxing Authority without payment of penalty or interest. FAILURE TO SUBMIT THE PROPER INVOICE AND EVIDENCE OF PAYMENT WITHIN SUCH TIME FRAME SHALL CONSTITUTE A WAIVER OF THE LESSOR'S RIGHT TO RECEIVE A TAX ADJUSTMENT PURSUANT TO THIS PARAGRAPH FOR THE TAX YEAR AFFECTED.

D. Tax Appeals. If the Government occupies more than 50 percent of the Building by virtue of this and any other Government Lease(s), the Government may, upon reasonable notice, direct the Lessor to initiate a tax appeal, or the Government may elect to contest the assessed valuation on its own behalf or jointly on behalf of Government and the Lessor. If the Government elects to contest the assessed valuation on its own behalf or on behalf of the Government and the Lessor, the Lessor shall cooperate fully with this effort, including, without limitation, furnishing to the Government information necessary to contest the assessed valuation in accordance with the filing requirements of the Taxing Authority, executing documents, providing documentary and testimonial evidence, and verifying the accuracy and completeness of records. If the Lessor initiates an appeal at the direction of the Government, the Government shall have the right to approve the selection of counsel who shall represent the Lessor with regard to such appeal, which approval shall not be unreasonably withheld, conditioned or delayed, and the Lessor shall be entitled to a credit in the amount of its reasonable expenses in pursuing the appeal.

2.08 GSAR 552.270-16 ADJUSTMENT FOR VACANT PREMISES (DEVIATION) (SEP 2022)

- (a) If the Government fails to occupy any portion of the leased premises or vacates the premises in whole or in part prior to expiration of the term of the lease, the rental rate and the base for operating cost adjustments will be reduced using the figure specified in the "Rate for Adjustment for Vacant Leased Premises" paragraph of this Lease.
- (b) If no rate reduction has been established in this lease, the rate will be reduced by that portion of the costs per ABOA square foot of operating expenses not required to maintain the space.
- (c) Said reduction shall occur after the Government gives 30 calendar days' prior notice to the Lessor and shall continue in effect until the Government occupies the vacant premises or the lease expires or is terminated.

ACTION REQUIRED: CHOSE ONE OF THE TWO SUB-PARAGRAPHS BELOW LABELED "A" BASED UPON WHETHER THE LEASE IS TO BE FULLY SERVICED, NET OF UTILITIES, OR NET OF UTILITIES AND JANITORIAL.

NOTE: THE FOLLOWING PARAGRAPH CAN BE OPTIONAL, DEPENDING UPON THE MARKET. DELETE ENTIRE PARAGRAPH WHEN THE LEASE IS NET OF UTILITIES, JANITORIAL SERVICES, AND TRASH REMOVAL—MEANING THE GOVERNMENT, GSA, OR THE CLIENT AGENCY OBTAINS AND PAYS DIRECTLY FOR THESE SERVICES—THEN THERE SHOULD BE NO ANNUAL ADJUSTMENT IN THE LEASE FOR OPERATING COST ESCALATIONS.

2.09 OPERATING COSTS ADJUSTMENT (JUN 2012)

- A. Beginning with the second year of the Lease and each year thereafter, the Government shall pay annual incremental adjusted rent for changes in costs for cleaning services, supplies, materials, maintenance, trash removal, landscaping, water, sewer charges, heating, electricity, and certain administrative expenses attributable to occupancy.
- B. The amount of adjustment will be determined by multiplying the base rate by the annual percent of change in the Cost of Living Index. The percent change will be computed by comparing the index figure published for the month prior to the Lease Term Commencement Date with the index figure published for the month prior which begins each successive 12-month period. For example, a Lease which commences in June of 2005 would use the index published for May of 2005, and that figure would be compared with the index published for May of 2006, May of 2007, and so on, to determine the percent change. The Cost of Living Index will be measured by the Department of Labor revised Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W), U.S. city average, all items, (1982 to 1984 = 100) published by the Bureau of Labor Statistics. Payment will be made with the monthly installment of fixed rent. Rental adjustments will be effective on the anniversary date of the Lease; however, payment of the adjusted rental rate will become due on the first workday of the second month following the publication of the Cost of Living Index for the month prior to the commencement of each 12-month period.
- C. In the event of any decreases in the Cost of Living Index occurring during the term of the occupancy under the Lease, the rental amount will be reduced accordingly. The amount of such reductions will be determined in the same manner as increases in rent provided under this paragraph.
- D. If the Government exercises an option to extend the Lease term at the same rate as that of the original term, the option price will be based on the adjustment during the original term. Annual adjustments will continue.

HOWEVER, IF THE GSA 3516, SOLICITATION PROVISIONS CONTAINS THE ALTERNATE LANGUAGE FROM 552.2701(C)(2)(I) THAT ALLOWS THE GOVERNMENT TO CONSIDER OFFERS RECEIVED UP TO THE DUE DATE FOR FINAL PROPOSAL REVISIONS, GSA MUST KEEP THE "LABOR STANDARDS" PARAGRAPH IN THE DRAFT LEASE AND CONTINUE TO UPDATE THE WAGE DETERMINATIONS.

A. Energy-related Requirements:

- 1. The Energy Independence and Security Act (EISA) establishes the following requirements for Government Leases in Buildings that have not earned the ENERGY STAR® Label conferred by the Environmental Protection Agency (EPA) within one year prior to the due date for final proposal revisions ("most recent year").
 - 2. If this Lease was awarded under any of EISA's Section 435 statutory exceptions, the Lessor shall either:
 - a. Earn the ENERGY STAR® Label prior to acceptance of the Space (or not later than one year after the Lease Award Date of a succeeding or superseding Lease); or

 - II. Obtain and publicly disclose the Building's current ENERGY STAR® score (using EPA's Portfolio Manager tool), unless the Lessor cannot access whole building utility consumption data, or there is no building category within Portfolio Manager to benchmark against, including spaces—
 - (i) That are located in States with privacy laws that provide that utilities shall not provide such aggregated information to multitenant building owners; and
 - (ii) For which tenants do not provide energy consumption information to the commercial building owner in response to a request from the building owner. (A Federal agency that is a tenant of the space shall provide to the building owner, or authorize the owner to obtain from the utility, the energy consumption information of the space for the benchmarking and disclosure required by this subparagraph D).
 - (iii) That cannot be benchmarked (scored) using EPA's Portfolio Manager tool because of excessive vacancy; in which case Lessor agrees to obtain the score and publicly disclose it within 120 days of the eligibility to obtain a score using the EPA Portfolio Manager tool.

In the absence of an applicable state or local disclosure mandate, Lessor shall either generate and display the Energy Star® score in a public space at the building location or post the score on Lessor's or Lessor's Parent/Affiliate website.
- 3. If this Lease was awarded to a Building to be built or to a Building predominantly vacant as of the due date for final proposal revisions and was unable to earn the ENERGY STAR® label for the most recent year (as defined above) due to insufficient occupancy, but was able to demonstrate sufficient evidence of capability to earn the ENERGY STAR® label, then Lessor must earn the ENERGY STAR® label within 18 months after occupancy by the Government.

If the Lessor proposes to satisfy the Government's space requirements through a development or redevelopment project, and the Government will be the sole or predominant tenant such that any other use of the Property will be functionally or quantitatively incidental to the Government's use, the Lessor is required to implement hydrology maintenance and restoration requirements as required by EISA Section 438.

1. For the purposes of applying EISA Section 438 in this Lease, "sponsor" shall mean "Lessor", and "exceeds 5,000 square feet" shall mean construction that disturbs 5,000 square feet or more of land area at the Property or on adjoining property to accommodate the Government's requirements, or at the Property for whatever reason.
2. Lessor is required to implement these hydrology maintenance and restoration requirements to the maximum extent technically feasible, prior to acceptance of the Space, (or not later than one year after the Lease Award Date or Lease Term Commencement Date, whichever is later, of a succeeding or superseding Lease). Additionally, this Lease requires EISA Section 438 storm water compliance not later than one year from the date of any applicable disturbance (as defined in EISA Section 438) of more than 5,000 square feet of ground area if such disturbance occurs during the term of the Lease if the Government is the sole or predominant tenant. In the event the Lessor is required to comply with EISA Section 438, Lessor shall furnish the Government, prior to the filing for permits for the associated work, with a certification from Lessor's engineer that the design meets the hydrology maintenance and restoration requirements of EISA Section 438.

- c. Underground Parking. Lessor shall implement architectural or structural features, or other positive countermeasures (e.g., vehicle screening) that deny contact with exposed primary vertical load members in these areas. A minimum standoff of at least 150 mm (six inches) from these members is required.

VERSION 3: USE FOR FSL IV:

- a. Façade and Structure. Lessor shall use a combination of setback, site planning, façade hardening, and structural measures to provide a medium level of façade protection.

For buildings higher than 3 stories, Lessor shall use a combination of the following measures in accordance with the post-award DBT analysis, to prevent progressive collapse or the loss of any single exterior column or load-bearing wall: setback, site planning, façade hardening, and structural measures. Interior columns shall also be considered in buildings with an uncontrolled lobby.
- c. Underground Parking. Lessor shall limit air blast injuries in occupied areas with under-building parking in accordance with the post-award DBT analysis, by utilizing hardening and venting methods. Significant structural damage to the walls, ceilings, and floors of the parking area may occur, however, the occupied areas above should not experience severe damage or collapse.

ACTION REQUIRED: DELETE OR MODIFY THE FOLLOWING SUB-PARAGRAPH OR UNNEEDED PORTIONS THEREOF IF NOT APPLICABLE PER THE AGENCY’S PROGRAM OF REQUIREMENTS

- E. Lessor shall equip each dock with [e.g., hydraulic dock levelers]. If exterior to the building, the entire loading dock bay shall be enclosed unless otherwise specified by Lessee. Any open loading docks must be covered at least 1,200 mm (4 feet) beyond the edge of the loading dock platform over the loading berth. Lessor shall provide a means to reduce the infiltration of outside debris into the building at the entrances and exits at loading docks and service entrances.
- F. Lessor shall provide sufficient ventilation to remove carbon monoxide even when doors and windows are shut. Ventilation air intakes must be at least 25 feet away from loading docks, garage entries, and similar carbon monoxide contamination points. Docks shall be separated by at least 50 feet in any direction from utility rooms, utility mains, and service entrances, including electrical, telephone/data, fire detection/alarm systems, fire suppression water mains, cooling and heating mains, etc. All regular and emergency fuel storage locations shall be located away from loading docks.

The loading dock area shall be nearly flat with a 1:50 slope for drainage. The minimum headroom in the loading berth and apron space is 4,600 mm (15 feet). When a steeper slope is required in the apron area, the headroom must increase with a gradient allowance to permit trucks to traverse the grade change. [ACTION REQUIRED: IF CLIMATE APPLICABLE, INCLUDE THE FOLLOWING SENTENCE. OTHERWISE, DELETE]. If the approach to the loading dock is ramped, the design must permit easy snow removal.
- H. Lessor shall equip each loading dock with adjustable lights capable of illuminating the truck or van interior. Each dock shall have either a trailer lock or wheel chocks chained to the platforms. Where specified by Government on Exhibit XX (Floor Plans), the Lessor shall provide a ramp from the loading dock down to the vehicle parking area to facilitate deliveries from small trucks and vans. This ramp must have a maximum 8.3% slope. Public and loading dock access must not be from the same point of access (at least one personnel door shall be provided in addition to overhead doors).
- I. All docks shall provide shelter to people and materials in inclement weather. Operating controls for individual dock doors, dock levelers and lights shall be located on the interior wall adjacent to each dock door.
- J. Service dock access may be from an alley, from a below grade ramp, or from a site circulation drive. Lessor shall provide sufficient space for an [e.g., 18 wheeler truck] [REVISE TO REFLECT MAXIMUM TRUCK SIZE THAT WILL BE DELIVERING OR PICKING UP FROM THE PREMISES] to maneuver and service the facility, and also to screen the service drive as much as possible. At a minimum, Lessor shall provide a truck turning radius of XX sized for XXXXX trucks for all loading docks. The service drive must always be separated from access to the parking area. One-way design for service traffic is preferred in order to avoid the need for large turning areas. The service area of the facility must not interfere with public access roadways.
- K. Lessor shall provide at least one off-street berth for loading and unloading. Loading berths must be located adjacent to the loading dock areas. [ACTION REQUIRED: MODIFY THE FOLLOWING SENTENCES TO MEET CLIENT AGENCY'S REQUIREMENTS]. Unless otherwise specified by local zoning regulations, a single berth must be a minimum of 4,600 mm (15 feet) wide and sized for the longest vehicle servicing the building as determined by Lessee. Additional loading berths do not need to be wider than 3,600 mm (12 feet) if they are contiguous with another loading berth. Lessor shall provide an apron space in front of the loading berth for vehicle maneuvering equal to the length of the berth plus 600 mm (2 feet). The apron must be relatively flat and have positive drainage with a minimum slope of 2%. The minimum headroom in the loading berth and apron space is 4,600 mm (15 feet). If programming forces a steeper slope in the apron area, the headroom should increase with a gradient allowance to allow trucks to traverse the grade change.
- L. Loading dock areas must be separated and visually screened (wherever practical) from the main public building entrance(s). Lessor shall provide an internal staging area adjacent to the loading dock. The staging area must not interfere with emergency egress from the building. Loading docks must have a direct route to freight elevators (if any) and be sized to accommodate the transport of supplies, equipment replacement parts, and building goods. If provided for, a dock manager's room must have visual control of the entire dock area as well as the building entrance and exit. Service circulation must be separated from public areas such as lobbies, corridors, and elevators. Loading dock stairs must be on the driver's left when backing into the dock. The grade of the apron must slope away from the loading dock and shall not exceed an 8.3% slope.

3.51 DUE DILIGENCE AND NATIONAL ENVIRONMENTAL POLICY ACT REQUIREMENTS – LEASE (OCT 2023)

ACTION REQUIRED: INSERT EXHIBIT NUMBER FOR OFFEROR'S SCHEDULE OF CORRECTIVE ACTIONS.

- A. Environmental Due Diligence. Lessor is responsible for performing all necessary "response" actions (as that term is defined at 42 U.S.C. § 9601(25) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA)) with regard to all "recognized environmental conditions," as that term is defined in ASTM Standard E1527-21, as such standard may be revised from time to time. This obligation extends to any contamination of the Property where such contamination is not attributable to the Government. Lessor must provide the Government with a summary report demonstrating completion of all required response actions prior to Substantial Completion. Any remediation performed by or on behalf of Lessor must be undertaken in strict compliance with all applicable federal, state and local laws and regulations.
- B. National Environmental Policy Act. The National Environmental Policy Act regulations provide for analyzing proposed major federal actions to determine if there are ways to mitigate the impact of the proposed actions to avoid, minimize, rectify, reduce, or compensate for environmental impacts associated with such actions. Where the Government has determined that any or all of these mitigation measures should be or must be adopted to lessen the impact of these proposed actions, Lessor must incorporate all mitigation measures identified and adopted by the Government in the design and construction drawings and specifications. All costs and expenses for development of design alternatives, mitigation measures and review submittals for work to be performed under the Lease are the sole responsibility of Lessor.

ACTION REQUIRED:

AT RLP ISSUANCE STAGE

**INCLUDE THE FOLLOWING PARAGRAPH, IN CONSULTATION WITH THE REGIONAL HISTORIC PRESERVATION OFFICER, WHEN ANTICIPATING OFFERS THAT COULD EITHER AFFECT HISTORIC PROPERTIES (FOR EXAMPLE, ANY LEASE IN A HISTORIC BUILDING OR DISTRICT) OR INVOLVE GROUND DISTURBING ACTIVITY (FOR EXAMPLE, EXCAVATION). OTHERWISE, DELETE.
TO BE USED IN CONJUNCTION WITH RLP PARAGRAPH "NATIONAL HISTORIC PRESERVATION ACT REQUIREMENTS - RLP."**

**AT AWARD STAGE WHEN DRAFTING FINAL LEASE
MAY BE DELETED IF N/A FOR SUCCESSFUL OFFEROR.**

NOTE: IN ACCORDANCE WITH THE NATIONAL HISTORIC PRESERVATION ACT OF 1966.

3.52 NATIONAL HISTORIC PRESERVATION ACT REQUIREMENTS - LEASE (SEP 2014)

- A. Where a Memorandum of Agreement or other pre-award agreement concluding the Section 106 consultation includes mitigation, design review or other continuing responsibilities of the Government, Lessor must allow the Government access to the Property to carry out compliance activities. Compliance may require excavation for artifact recovery, recordation, and interpretation. For Tenant Improvements and other tenant-driven alterations within an existing historic building, new construction or exterior alterations that could affect historic properties, compliance also may require on-going design review. In these instances, Lessor will be required to retain, at its sole cost and expense, the services of a preservation architect who meets or exceeds the *Secretary of the Interior's Professional Qualifications Standards for Historic Architecture*, as amended and annotated and previously published in the Code of Federal Regulations, 36 C.F.R. part 61, and the *GSA Qualifications Standards for Preservation Architects*. These standards are available at: [HTTP://WWW.GSA.GOV/HISTORICPRESERVATION](http://www.gsa.gov/historicpreservation)>Project Management Tools> Qualification Requirements for Preservation Architects. The preservation architect will be responsible for developing preservation design solutions and project documentation required for review by the Government, the State Historic Preservation Officer (SHPO), the Tribal Historic Preservation Officer (THPO), if applicable, and other consulting parties in accordance with Section 106. For Tenant Improvements and other tenant-driven alterations within an existing historic building, the preservation architect must develop context-sensitive design options consistent with the *Secretary of the Interior's Standards for the Treatment of Historic Properties*. Where new construction or exterior alterations, or both, are located within a historic district, may be visible from historic properties or may affect archeological resources, compliance may require tailoring the design of the improvements to be compatible with the surrounding area. Design review may require multiple revised submissions, depending on the complexity of the project and potential for adverse effects to historic properties. GSA is responsible for corresponding with the SHPO, the THPO, if applicable, and any other consulting party.
- B. Compliance requirements under Section 106 apply to all historic property alterations and new construction, regardless of the magnitude, complexity, or cost of the proposed scope of work.
- C. The costs for development of design alternatives and review submittals for work required under the Lease are the sole responsibility of Lessor. In addition, building shell costs relating to such design alternatives are the sole responsibility of Lessor and must be included in the shell rent. Such costs may be offset by federal, state, or local preservation tax benefits. Lessor is encouraged to seek independent financial and legal advice concerning the availability of these tax benefits.

ACTION REQUIRED: MANDATORY WHEN A NEWLY CONSTRUCTED BUILDING OF 10,000 RSF AND ABOVE IS THE ONLY SOLUTION THAT WILL MEET THE CLIENT AGENCY'S NEEDS AND EXISTING BUILDINGS ARE NOT COMPETING. OTHERWISE, DELETE.

NOTE: PARAGRAPH MUST BE ADDED BACK IN VIA RLP AMENDMENT IF, AT ANY POINT PRIOR TO FPR, THE GOVERNMENT ONLY HAS OFFERS FOR NEW CONSTRUCTION.

ACTION REQUIRED: THERE ARE TWO HIGH-PERFORMANCE BUILDING RATING SYSTEMS FOR NEW CONSTRUCTION LISTED BELOW. PRIOR TO ISSUING THE RLP, CONSULT WITH CLIENT AGENCY TO DETERMINE WHICH HIGH-PERFORMANCE BUILDING RATING SYSTEM FOR NEW CONSTRUCTION TO USE; THE OTHER SHOULD BE DELETED. CHOICE MUST BE CONSISTENT WITHIN THE RLP AND LEASE DOCUMENTS.

NOTE: IN ACCORDANCE WITH THE ENERGY INDEPENDENCE AND SECURITY ACT OF 2007 AND THE ENERGY POLICY ACT OF 2005.

4.03 TENANT IMPROVEMENTS PRICE PROPOSAL (OCT 2023)

- A. The Lessor’s TI price proposal shall be supported by sufficient cost or pricing data to enable the Government to evaluate the reasonableness of the proposal, or documentation that the Proposal is based upon competitive proposals (as described below) obtained from entities not affiliated with the Lessor. Any work shown on the CDs that is required to be included in the Building shell rent, or priced as BSAC as described in the paragraph entitled “Building Specific Amortized Capital (BSAC) Price Proposal” shall be clearly identified and excluded from the TI price proposal. After negotiation and acceptance of the TI price, GSA shall issue a NTP to the Lessor.
- B. Under the provisions of FAR Subpart 15.4, the Lessor shall submit a TI price proposal with information that is adequate for the Government to evaluate the reasonableness of the price or determining cost realism for the TIs within the time frame specified in this section. The TI price proposal shall use the fee rates specified in the “Tenant Improvement and BSAC Fee Schedule” paragraph of this Lease. The Lessor shall exclude from the TI price proposal all costs for fixtures and/or other TIs already in place, provided the Government has accepted same. However, the Lessor will be reimbursed for costs to repair or improve the fixture(s) and/or any other improvements already in place. The Lessor must provide certified cost or pricing data for TI proposals exceeding the threshold in FAR 15.403-4, to establish a fair and reasonable price. For TI proposals that do not exceed the threshold in FAR 15-403-4, the Lessor shall submit adequate documentation to support the reasonableness of the price proposal as determined by the LCO.
- C. The TIs scope of work includes the Lease, the DIDs, the CDs, and written specifications. In cases of discrepancies, the Lessor shall immediately notify the LCO for resolution. All differences will be resolved by the LCO in accordance with the terms and conditions of the Lease.
- D. In lieu of requiring the submission of detailed cost or pricing data as described above, the Government (in accordance with FAR 15.403) is willing to negotiate a price based upon the results of a competitive proposal process. A minimum of two qualified general contractors (GCs) shall be invited by the Lessor to participate in the competitive proposal process. Each participant shall compete independently in the process. In the absence of sufficient competition from the GCs, a minimum of two qualified subcontractors from each trade of the Tenant Improvement Cost Summary (TICS) Table (described below) shall be invited to participate in the competitive proposal process.
- E. Each TI proposal shall be (1) submitted by the proposed general contractors (or subcontractors) using the TICS Table in CSI Masterformat (filling out all sheets, including each division tab, as necessary); (2) reviewed by the Lessor prior to submission to the Government to ensure compliance with the scope of work (specified above) and the proper allocation of shell and TI costs; and (3) reviewed by the Government. General contractors shall submit the supporting bids from the major subcontractors along with additional backup to the TICS Table in a format acceptable to the Government.
- F. Unless specifically designated in this Lease as a TI or BSAC cost, all construction costs shall be deemed to be included in the Shell Rent. Any costs in the GC’s proposal for Building shell items shall be clearly identified on the TICS Table separately from the TI costs.
- G. The Government reserves the right to determine if bids meet the scope of work, that the price is reasonable, and that the Lessor’s proposed subcontractors are qualified to perform the work. The Government reserves the right to reject all bids at its sole discretion. The Government reserves the right to attend or be represented at all negotiation sessions between the Lessor and potential subcontractors.
- H. The Lessor shall demonstrate to the Government that best efforts have been made to obtain the most competitive prices possible, and the Lessor shall accept responsibility for all prices through direct contracts with all subcontractors. The LCO shall issue to the Lessor a NTP with the TIs upon the Government’s sole determination that the Lessor’s proposal is acceptable. The Lessor shall complete the work within the time frame specified in this section of the Lease.

4.04 BUILDING SPECIFIC AMORTIZED CAPITAL (BSAC) PRICE PROPOSAL (OCT 2023)

The Lessor’s BSAC price proposal shall be supported by sufficient cost or pricing data to enable the Government to evaluate the reasonableness of the proposal, or documentation that the Proposal is based upon competitive proposals. The pricing shall be submitted using the Security Unit Price List (SecUP). 1. Fixtures. Once the design intent drawings are approved, the Lessor shall design and provide interior lighting to comply with requirements under the paragraph, "Lighting: Interior and Parking—Shell." Any additional lighting fixtures and/or components required beyond what would have been provided for an open warehouse 10-foot candle plan plus shipping & receiving areas of 30-foot candles (Shell) are part of the TIs.
2. Lighting for the warehouse, shipping, and receiving portions of the Space is detailed in Section 3 and is part of Shell.

3. Building Perimeter. There may be additional requirements for lighting in exterior parking areas, vehicle driveways, pedestrian walkways, and Building perimeter in the Security Requirements attached to this Lease. Such additional lighting required to meet Security Requirements shall be BSAC.

B. Office Areas.

2. Lighting Levels. Fixtures shall have a minimum of two tubes and shall provide 50 foot-candles at desktop level (30" above finished floor) with a maximum uniformity ratio of 1.5:1.

NOTE: CHOOSING THIS SECOND VERSION OF SUB-PARAGRAPH 2 CAN RESULT IN SIGNIFICANT ENERGY SAVINGS. CONFIRM WITH CLIENT AGENCY DURING REQUIREMENTS DEVELOPMENT STAGE WHETHER THEY ARE PROVIDING TASK LIGHTING AS PART OF THEIR FURNITURE PLANS. SINCE NOT ALL OF THE OFFICE SPACE WILL NECESSARILY INCLUDE DESKS WITH TASK LIGHTING, ALSO CONFIRM THE AMOUNT OF SPACE THAT WILL BE COVERED BY THIS SUPPLEMENTAL TASK LIGHTING. FOR EXAMPLE, IF THE SUPPLEMENTAL TASK LIGHTING ONLY COVERS 80% OF THE TOTAL OFFICE SPACE, THEN THE OTHER 20% OF THE OFFICE SPACE WILL REQUIRE THE TRADITIONAL 50 FOOT-CANDLE LIGHTING LEVELS.

NOTE: THE LIGHTING LEVELS SPECIFIED UNDER THIS SECOND SUB-PARAGRAPH 2, WHICH TAKES INTO ACCOUNT SUPPLEMENTAL TASK LIGHTING, RELIES UPON THE CLIENT AGENCY TO PROVIDE THE SUPPLEMENTAL LIGHTING LEVELS AS PART OF THEIR FURNITURE PLANS. **THIS DECISION MUST BE MADE AT THE REQUIREMENTS DEVELOPMENT STAGE.**

2. Lighting Levels with Task Lighting. Fixtures shall have a minimum of two tubes and shall provide 30 foot-candles at desktop level (30" above finished floor) with a maximum uniformity ratio of 1.5:1 for XX percent of the total office portion of the Space, and 50 foot-candles at desktop level (30" above finished floor) with a maximum uniformity ratio of 1.5:1 for the remaining XX percent of the office portion of the Space.

3. Power Density.

Existing Buildings. The maximum fixture power density shall not exceed 1.4 watts per ABOA SF.

New Construction. The maximum fixture power density shall not exceed 1.1 watts per ABOA SF.

4. Daylighting Controls. If the office portion of the Space is more than 10,000 ABOA SF, the Lessor shall provide daylight dimming controls in atriums or within 15 feet of windows and skylights where daylight can contribute to energy savings. Daylight harvesting sensing and controls shall be either integral to the fixtures or ceiling mounted and shall maintain required lighting levels in office work areas.

5. Occupancy/Vacancy Sensors. The Lessor shall provide ceiling mount occupancy sensors, or vacancy sensors (preferred), or scheduling controls through a building automation system (BAS) throughout the office portion of the Space in order to reduce the hours that the lights are on when a particular space is unoccupied. Occupancy sensors only shall be installed in the non-office areas of the Space as part of Shell Rent. No more than 1,000 square feet shall be controlled by any one sensor. Occupancy sensors in enclosed rooms shall continue to operate after any BAS has shut down the building at the end of the workday.

ACTION REQUIRED: OPTIONAL PARAGRAPH: USE ONLY WHEN REQUIRED BY CLIENT AGENCY, OTHERWISE, DELETE. GENERALLY, DOCK LEVELERS OR LOADING RAMPS WILL BE SHELL ITEMS. USE THIS PARAGRAPH ONLY WHEN THE CLIENT AGENCY IS REQUESTING EXCESSIVE LEVELERS OR RAMPS. This policy requires the Government to conduct background investigations and make HSPD-12 compliant suitability determinations for all persons with routine or unaccompanied access to Government leased Space. By definition, this includes at a minimum each employee of the Lessor, as well as employees of the Lessor's contractors or subcontractors who will provide building operating services requiring routine access to the Government's leased Space for a period greater than 6 months. The Government may also require this information for the Lessor's employees, contractors, or subcontractors who will be engaged to perform alterations or emergency repairs in the Government's Space.
- B. Application Process: The background investigation will be done using the Government's prescribed process. The Lessor must provide information on each of their contractor/personnel meeting the above criteria to the Government, whereupon each identified contractor/personnel will be notified with instructions for completing the identity verification application within a given time frame. The application process will include completing supplemental information forms that must be inputted into the identity verification system in order for the application to be considered complete. Additionally, the Lessor must ensure prompt completion of the fingerprint process for their contractor/personnel. Email notifications will be sent with instructions on the steps to be taken to schedule an appointment for fingerprinting at an approved regional location along with instructions on how to complete the background investigation application.
- C. The Lessor must ensure the Lease Contracting Officer (or the Lease Contracting Officer's designated representative) has all of the requested documentation timely to ensure the completion of the investigation.
- D. Based on the information furnished, the Government will conduct background investigations. The Lease Contracting Officer will advise the Lessor in writing if a person fails the investigation, and, effective immediately, that person will no longer be allowed to work or be assigned to work in the Government's Space.
- E. Throughout the life of the Lease, the Lessor shall provide the same data for any new employees, contractors, or subcontractors who will be assigned to the Government's Space in accordance with the above criteria. All Lessor's contractor(s) and subcontractor(s) shall follow the requirements of background investigation in accordance with GSA HSPD-12 policy.
- F. The Lessor is accountable for not allowing contractors to start work without the successful completion of the appropriate background investigation as required by GSA policy.
- G. Access Card Retrieval/Return: Upon an Entry on Duty notification, the Government will issue a Personal Identity Verification (PIV) credential that is sometimes referred to as a GSA Access card. Lessors are responsible for all PIV credential issued to their contractors/personnel pursuant to this Lease. Lessors are specifically responsible for ensuring that all GSA PIV access cards are returned to the Lease Contracting Officer or their designee whenever their employees or a contractor no longer require access to the Space (such as When no longer needed for contract performance, upon completion of the Contractor employee's employment, and upon contract completion or termination). Additionally, the Lessor must notify the Lease Contracting Officer or their designee whenever a GSA PIV Access card is lost or stolen in which event the Lessor may be responsible for reimbursing the Government for replacement credentials at the current cost per PIV HSPD12 credential. Unreturned PIV Access cards will be considered as lost or stolen cards.
- H. The Government reserves the right to conduct additional background checks on Lessor personnel and contractors with routine access to Government leased Space throughout the term of the Lease to determine who may have access to the Premises.
- I. The Lease Contracting Officer may delay final payment under a contract if the Contractor fails to comply with these requirements.
- J. The Lessor shall insert this paragraph in all subcontracts when the subcontractor is required to have physical access to a federally controlled facility or access to a federal information system.

6.15 SCHEDULE OF PERIODIC SERVICES (OCT 2020)

Upon acceptance of the Space, the Lessor shall provide the LCO with a detailed written schedule of all periodic services and maintenance to be performed other than daily, weekly, or monthly.

Pruning and fertilization shall be done on an as-needed basis. In addition, dead, dying, or damaged plants shall be replaced.

NOTE: THIS PARAGRAPH APPLIES TO RECYCLING DURING OCCUPANCY. THESE REQUIREMENTS ARE NOT INTENDED TO APPLY DURING CONSTRUCTION OR INITIAL OCCUPANCY BUILD-OUT

6.18 RECYCLING—WAREHOUSE (MAY 2025)

- A. Where state or local law, code, or ordinance requires recycling programs for the Premises, Lessor shall comply with such state and/or local law, code, or ordinance.
- B. When implementing any recycling program, the Lessor shall provide an easily accessible, appropriately sized area (2 SF per 1,000 SF of Building gross floor area) that serves the Space for the collection and storage of materials for recycling. Telecom rooms are not acceptable as recycling space. During the Lease term, the Lessor agrees, upon request, to provide the Government with additional information concerning recycling programs maintained in the Building and in the Space.

ACTION REQUIRED: MANDATORY PARAGRAPH IF RANDOLPH-SHEPPARD FACILITIES ARE PROVIDED FOR IN THE RLP. DELETE IF NOT NEEDED.

6.20 SAFEGUARDING AND DISSEMINATION OF CONTROLLED UNCLASSIFIED INFORMATION (CUI) BUILDING INFORMATION (OCT 2022)

This clause applies to all recipients of CUI building information (which falls within the CUI Physical Security category), including offerors, bidders, awardees, contractors, subcontractors, lessors, suppliers and manufacturers.

Marking CUI. Contractors must submit any contractor-generated documents that contain building information to GSA for review and identification of any CUI building information that may be included. In addition, any documents GSA identifies as containing CUI building information must be marked in accordance with the Order and the Marking Controlled Unclassified Information Handbook (the current version may be found at [HTTPS://WWW.ARCHIVES.GOV/FILES/CUI/20161206-CUI-MARKING-HANDBOOK-V1-1.PDF](https://www.archives.gov/files/cui/20161206-CUI-MARKING-HANDBOOK-V1-1.PDF)) before the original or any copies are disseminated to any other parties. If CUI content is identified, the CO may direct the contractor, as specified elsewhere in this contract, to imprint or affix CUI document markings (CUI) to the original documents and all copies, before any dissemination, or authorized GSA employees may mark the documents.

1. Authorized recipients.
 - a. Building information designated as CUI must be protected with access strictly controlled and limited to those individuals having a Lawful Government Purpose to access such information, as defined in 32 C.F.R. § 2002.4(bb). Those with such a Lawful Government Purpose may include Federal, state and local government entities, and non-governmental entities engaged in the conduct of business on behalf of or with GSA. Non-governmental entities may include architects, engineers, consultants, contractors, subcontractors, suppliers, utilities, and others submitting an offer or bid to GSA, or performing work under a GSA contract or subcontract. Recipient contractors must be registered as "active" in the System for Award Management (SAM) database at www.sam.gov, and have a Lawful Government Purpose to access such information. If a subcontractor is not registered in the SAM database and has a Lawful Government Purpose to possess CUI building information in furtherance of the contract, the subcontractor must provide to the contractor its DUNS number or its tax ID number and a copy of its business license. The contractor must keep this information related to the subcontractor for the duration of the contract and subcontract.
 - b. All GSA personnel and contractors must be provided CUI building information when needed for the performance of official Federal, state, and local government functions, such as for code compliance reviews and the issuance of building permits. Public safety entities such as fire and utility departments may have a Lawful Government Purpose to access CUI building information on a case-by-case basis. This clause must not prevent or encumber the necessary dissemination of CUI building information to public safety entities.
2. Dissemination of CUI building information:
 - a. By electronic transmission. Electronic transmission of CUI information outside of the GSA network must use session encryption (or alternatively, file encryption) consistent with National Institute of Standards and Technology (NIST) SP 800-171. Encryption must be through an approved NIST algorithm with a valid certification, such as Advanced Encryption Standard or Triple Data Encryption Standard, in accordance with Federal Information Processing Standards Publication 140-2, Security Requirements for Cryptographic

Modules, as required by GSA policy.

- b. By nonelectronic form or on portable electronic data storage devices. Portable electronic data storage devices include CDs, DVDs, and USB drives. Nonelectronic forms of CUI building information include paper documents, photographs, and film, among other formats.
 - i. By mail. Contractors must only use methods of shipping that provide services for monitoring receipt such as track and confirm, proof of delivery, signature confirmation, or return receipt. CUI markings must not appear on the exterior of packages.
 - ii. In person. Contractors must provide CUI building information only to authorized recipients with a Lawful Government Purpose to access such information. Further information on authorized recipients is found in section 1 of this clause.
3. Record keeping. Contractors must maintain a list of all entities to which CUI is disseminated, in accordance with sections 2 and 3 of this clause. This list must include, at a minimum: (1) the name of the state, Federal, or local government entity, utility, or firm to which CUI has been disseminated; (2) the name of the individual at the entity or firm who is responsible for protecting the CUI building information, with access strictly controlled and limited to those individuals having a Lawful Government Purpose to access such information; (3) contact information for the named individual; and (4) a description of the CUI building information provided. Once "as built" drawings are submitted, the contractor must collect all lists maintained in accordance with this clause, including those maintained by any subcontractors and suppliers, and submit them to the CO. For Federal buildings, final payment may be withheld until the lists are received.
4. Safeguarding CUI documents. CUI building information (both electronic and paper formats) must be stored within controlled environments that prevent unauthorized access. GSA contractors and subcontractors must not take CUI building information outside of GSA or their own facilities or network, except as necessary for the performance of that contract. Access to the information must be limited to those with a Lawful Government Purpose for access.
5. Destroying CUI building information. When no longer needed, CUI building information must either be returned to the CO or destroyed in accordance with guidelines in NIST Special Publication 800-88, Guidelines for Media Sanitization.
6. Notice of disposal. The contractor must notify the CO that all CUI building information has been returned or destroyed by the contractor and its subcontractors or suppliers in accordance with paragraphs 4 and 5 of this clause, with the exception of the contractor's record copy. This notice must be submitted to the CO at the completion of the contract to receive final payment. For leases, this notice must be submitted to the CO at the completion of the lease term.
7. CUI security incidents. All improper disclosures or receipt of CUI building information must be immediately reported to the CO and the GSA Incident Response Team Center at gsa-ir@gsa.gov. If the contract provides for progress payments, the CO may withhold approval of progress payments until the contractor provides a corrective action plan explaining how the contractor will prevent future improper disclosures of CUI building information. Progress payments may also be withheld for failure to comply with any provision in this clause until the contractor provides a corrective action plan explaining how the contractor will rectify any noncompliance and comply with the clause in the future.
8. Subcontracts. The contractor and subcontractors must insert the substance of this clause in all subcontracts.

6.21 INDOOR AIR QUALITY (MAY 2025)

- A. The Lessor shall control airborne contaminants at the source and/or operate the Space in such a manner that indoor air quality action limits identified in the PBS Desk Guide for Indoor Air Quality Management (Companion to GSA Order PBS 1000.8A), OSHA regulatory limits (29 CFR 1910), and generally accepted consensus standards are not exceeded.
- B. The Lessor shall avoid the use of products containing toxic, hazardous, carcinogenic, flammable, or corrosive ingredients as determined from the product label or manufacturer's safety data sheet. The Lessor shall use available odor-free or low odor products when applying paints, glues, lubricants, and similar wet products. When such equivalent products are not available, lessor shall use the alternate products outside normal working hours. Except in an emergency, the Lessor shall provide at least 72 hours advance notice to the Government before applying chemicals or products with noticeable odors in occupied Spaces and shall adequately ventilate those Spaces during and after application.
- C. The Lessor shall serve as first responder to any occupant complaints about indoor air quality (IAQ). The Lessor shall promptly investigate such complaints and implement the necessary controls to address each complaint. Investigations shall include testing as needed by a board-certified industrial hygienist, to ascertain the source and severity of the complaint. The hygienist shall inspect and evaluate the Space and air zones serving the Space; inspection shall take place as soon as possible but no later than 15 calendar days following the identification of a potential IAQ issue. Notwithstanding the above, when a board-certified industrial hygienist is not available to perform this inspection, the Lessor may, upon written request and the Government's approval, employ an environmental professional with documented experience performing IAQ assessments. The Lessor shall provide written results of any testing along with recommendations to GSA.
- D. The Government reserves the right to conduct independent IAQ assessments and detailed studies in Space that it occupies, as well as in space serving the Space (e.g., common use areas, mechanical rooms, HVAC systems, etc.). The Lessor shall assist the Government in its assessments and detailed studies by:
 1. Making available information on Building operations and Lessor activities;
 2. Providing access to Space for assessment and testing, if required; and
 3. Implementing corrective measures required by the LCO. The Lessor shall take corrective action to correct any tests or measurements that do not meet GSA policy action limits in the PBS Desk Guide for Indoor Air Quality Management (Companion to GSA Order PBS 1000.8), OSHA regulatory limits, and generally accepted consensus standards.

- E. The Lessor shall provide to the Government safety data sheets (SDS) upon request for the following products prior to their use during the term of the Lease: adhesives, caulking, sealants, insulating materials, fireproofing or firestopping materials, paints, carpets, floor, and wall patching or leveling materials, lubricants, clear finish for wood surfaces, janitorial cleaning products, pesticides, rodenticides, and herbicides. The Government reserves the right to review such products used by the Lessor within the Space, common building areas, ventilation systems and zones serving the Space, and the area above suspended ceilings and engineering space in the same ventilation zone as the Space.
- F. The Lessor shall use high efficiency (HEPA) filtration vacuums for cleaning.
- G. Air handling units shall have the highest-level MERV filtration that is compatible with the HVAC system and does not significantly diminish airflow. Upon request, the Lessor shall provide to the Government a list of the highest-level of MERV filtration that each air handling unit is designed to handle.

6.22 RADON IN AIR (MAY 2025)

- A. The radon concentration in the air of the Space shall be less than 4 picoCuries per liter (pCi/L) for childcare and 25 pCi/L for all other space, herein called "GSA action levels."

ACTION REQUIRED: ONLY INCLUDE SUBPARAGRAPHS B, C & D WHEN SPACE PLANNED FOR OCCUPANCY BY THE GOVERNMENT IS LOCATED AT OR BELOW GRADE LEVEL. OTHERWISE, DELETE.

- B. Testing Procedures. For the purposes of this paragraph, the following testing procedures shall be used when space planned for occupancy by the Government is located at or below grade level:

- 1. Standard Test. Place alpha track detectors throughout the required area for 91 or more days so that each covers no more than 2,000 ABOA SF. Use only devices and laboratories listed in the National Radon Proficiency Program (NRPP), National Radon Safety Board (NRSB) or as required by local jurisdictions that have a program for evaluating and approving devices.
- 2. Short Test. Place alpha track detectors for at least 14 days, or charcoal canisters for 2 days to 3 days, throughout the required area so that each covers no more than 2,000 ABOA SF, starting not later than 7 days after award. Use only devices and laboratories listed in the National Radon Proficiency Program (NRPP), National Radon Safety Board (NRSB) or as required by local jurisdictions that have a program for evaluating and approving devices.

- C. Initial Testing.

- 1. The Lessor shall:
 - a. Test for radon any portion of Space planned for occupancy by the Government at or below grade level;
 - b. Report the results to the LCO upon receipt of results; and
 - c. Promptly carry out a corrective action program for any radon concentration which equals or exceeds the GSA action levels.
- 2. Testing sequence. The Lessor shall measure radon by the standard test in sub-paragraph D.1, completing the test not later than 150 days after award, unless the LCO decides that there is not enough time to complete the test before Government occupancy, in which case the Lessor shall perform the short test in sub-paragraph B.2, in addition to the standard test.
- 3. If the Space offered for Lease to the Government is in a Building under construction or proposed for construction, the Lessor, if possible, shall perform the standard test during buildout before Government occupancy of the Space. If the LCO decides that it is not possible to complete the standard test before occupancy, the Lessor shall complete the short test before occupancy and the standard test not later than 150 days after occupancy.

- D. Additional Testing.

- 1. After a major disturbance (e.g., earthquake, road construction, seismic shift, etc.) or a construction or renovation project that could impact radon gas levels in the building (e.g., building foundation, subsurface plumbing, basement structure, or negative changes to the building air pressure, etc.), the Lessor shall:
 - a. Re-Test for radon that portion of Space occupied by the Government at or below grade level;
 - b. Report the results to the LCO; and
 - c. Promptly carry out a corrective action program for any radon concentration which equals or exceeds the GSA action levels.
- 2. Testing Sequence. The Lessor shall measure radon by the standard test outlined in paragraph B.1, completing the test not later than 150 days after the event outlined in D.1

- E. Corrective Action Program.

- 1. Program Initiation and Procedures.
 - a. If either the Government or the Lessor detects radon at or above the GSA action levels at any time before Government occupancy, the Lessor shall carry out a corrective action program which reduces the concentration to below the GSA action levels before Government occupancy.

- b. If either the Government or the Lessor detects a radon concentration at or above the GSA action levels at any time after Government occupancy, the Lessor shall promptly carry out a corrective action program which reduces the concentration to below the GSA action levels.
 - c. If either the Government or the Lessor detects a radon concentration at or above the GSA action levels at any time after Government occupancy, the Lessor shall promptly restrict the use of the affected area and shall provide comparable temporary space for the tenants, as agreed to by the Government, until the Lessor carries out a prompt corrective action program which reduces the concentration to below the GSA action levels and certifies the Space for re-occupancy.
 - d. The Lessor shall provide the Government with prior written notice of any proposed corrective action or tenant relocation. The Lessor shall promptly revise the corrective action program upon any change in Building condition or operation which would affect the program or increase the radon concentration to or above the GSA action levels.
2. The Lessor shall perform the standard test in sub-paragraph B.1 to assess the effectiveness of a corrective action program. The Lessor may also perform the short test in sub-paragraph B.2 to determine whether the Space may be occupied but shall begin the standard test concurrently with the short test.
 3. All measures to accommodate delay of occupancy, corrective action, tenant relocation, tenant re-occupancy, or follow-up measurement, shall be provided by the Lessor at no additional cost to the Government.
 4. If the Lessor fails to exercise due diligence or is otherwise unable to reduce the radon concentration promptly to below the GSA action levels, the Government may implement a corrective action program and deduct its costs from the rent.

NOTE: MANDATORY IF WATER IS FROM NON-PUBLIC SOURCES (E.G. WELL WATER). OTHERWISE, DELETE.

6.23 RADON IN WATER (MAY 2025)

- A. If the water source is not from a public utility, the Lessor shall demonstrate that water provided to the Premises is in compliance with EPA Drinking Water Standards (Maximum Contaminant Levels, or MCL, for radionuclides) and shall submit certification to the LCO prior to the Government occupying the Space.
- B. If the EPA MCL is reached or exceeded, the Lessor shall institute appropriate abatement methods which reduce the radon levels to below this action.

NOTE: IN ACCORDANCE WITH THE TOXIC SUBSTANCES CONTROL ACT OF 1976.

6.24 HAZARDOUS MATERIALS (WAREHOUSE) (MAY 2025)

- A. The leased Space shall be free of hazardous materials, hazardous substances, and hazardous wastes, as defined by and according to applicable Federal, state, and local environmental regulations. Should there be reason to suspect otherwise, the Government reserves the right, at Lessor's expense, to require documentation or testing to confirm that the Space is free of all hazardous materials, substances, and wastes.
- B. Lessor shall, to the extent of its knowledge, notify the Government of the introduction of any hazardous materials, substances, and wastes onto the Property by Lessor or others, including but not limited to, co-tenants occupying Space in the Building.
- C. Lessors are encouraged to prioritize products used in the build-out of Space that do not contain Per- and Polyfluoroalkyl Substances (PFAS).
- D. All hazardous materials stored in the Space must be kept and maintained according to applicable Federal, State, and local environmental regulations. The Government will notify Lessor of any hazardous materials it will store in the Space.

6.25 MOLD AND WATER INTRUSION (OCT 2023)

- A. Actionable Condition. An actionable condition is defined as either:
 1. Visible mold or airborne mold of types and concentrations in excess of that found in the local outdoor air or non-problematic control areas elsewhere in the same building, whichever is lower, or
 2. Water-Damaged Building materials which could potentially create conditions for mold or microbial amplification.
- B. The Lessor shall provide Space to the Government that is free from ongoing water leaks or moisture infiltration. The Space and ventilation zones serving the Space shall also be free of actionable mold conditions, as defined by subparagraph A.
- C. Within 48 hours following a water intrusion event, such as a flood, plumbing leak, heavy rain, etc., whereby the Government Space or air zones serving the Space may have become moisture damaged, the Lessor shall repair any leakage sources and remediate the moisture damage per the EPA: Mold in Schools and Commercial Buildings (EPA 402-K-01-001, September 2008) and the current version of ANSI/IICRC: S500 Standard for Professional Water Damage Restoration using a qualified professional. Specific remediation methods shall be based on the water class and category defined by ANSI/IICRC. Whenever moisture damage or infiltration persists such that: mold is visible, mold odors are present, or occupants register complaints about mold, the Lessor shall employ a board-certified industrial hygienist to inspect and evaluate the Space and air zones serving the Space for actionable conditions; inspection shall take place as soon as possible but no later than 15 calendar days following identification of a potential mold issue as described above. Notwithstanding the above, when a board-certified industrial hygienist is not available to perform this inspection, the Lessor may, upon written request and the Government's approval, employ an environmental consultant experienced in water intrusion and mold assessments. The Lessor shall promptly furnish the water intrusion and mold assessment report to the Government. The Lessor shall safely remediate all actionable conditions identified by the consultant using a qualified remediation contractor

following the methods identified in "Mold Remediation in Schools and Commercial Buildings" (EPA 402-K-01-001, September 2008 or the current version of ANSI/IICRC S520-2015: Standard for Professional Mold Remediation) and all applicable state laws pertaining to mold remediation practices. The Lessor shall provide GSA with a detailed work plan from the remediation contractor on how they plan to address the actionable conditions and include qualifications of the remediation contractor. Remediation shall be completed within a time frame acceptable to the Lease Contracting Officer which shall be no later than 90 calendar days following confirmation of the presence of an actionable condition. The Lessor shall employ a qualified industrial hygienist, independent of the remediation contractor to verify that remediation has been completed per the industry standards listed above and that the space is safe for re-occupancy.

- D. The presence of an actionable condition in the Premises may be treated as a Casualty, as determined by the Government, in accordance with the Fire and Other Casualty clause contained in the General Clauses of this Lease. In addition to the provisions of the Fire and Other Casualty clause of this Lease, should a portion of the Premises be determined by the Government to be un-tenantable due to an act of negligence by the Lessor or his agents, the Lessor shall provide reasonably acceptable alternative Space at the Lessor's expense, including the cost of moving, and any required alterations.

6.26 OCCUPANT EMERGENCY PLANS (OCT 2020)

The Lessor is required to cooperate, participate, and comply with the development and implementation of the Government's Occupant Emergency Plan (OEP) and a supplemental Shelter-in Place (SIP) Plan. Periodically, the Government may request that the Lessor assist in reviewing and revising its OEP and SIP. The Plan, among other things, will include evacuation procedures and an annual emergency evacuation drill, emergency shutdown of air intake procedures, and emergency notification procedures for the Lessor's Building engineer or manager, Building security, local emergency personnel, and Government agency personnel.
